PART I.

REVENUE

SECTION 1—LAND REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

This office letter No. R. 4484, dated the 1st November 1906, to the Revenue Commissioner in Mysore, asking him to report the progress made in record-sorting in the several District and Taluk Offices since the date of the entertainment of the temporary establishment, the amount of work still on hand, and the steps taken to complete the same, and requesting that proper arrangements may be made for the inspection by a competent authority of the offices in which the work has been already completed.

Letter No. 5708, dated the 1st December 1906, from the Revenue Commissioner:—

"Adverting to your letter No. R. 4484—L. R. 21-06-23, dated 1st November 1906, requesting me to submit a report showing (1) the progress made up to date in record-sorting in the several District and Taluk Offices since the date of entertainment of the temporary establishment, (2) the amount of work still on hand and (3) steps taken to complete the same, I have the honor to forward herewith a statement giving all the above particulars. The figures in the statement relate to work done till the 30th September 1906, as all the District reports for October 1906 have not yet been received, and the report is likely to be delayed for information to be gathered till 1st November 1906.

2. From the statement it will be seen that the work of sorting records has been completed in three District and forty Taluk Offices, and that the District Offices of Mysore and Hassan and the Taluk Offices (*viz.*, six in Mysore District and two in Tumkur District) noted in the margin have yet very heavy arrears of work which preclude all hope of the work of even sorting the records being completed in the near future.

Nanjangud	645
T.-Narsipur	496

3. Even in the offices in which the work of sorting the records has been completed, a great deal remains to be done in the way of destroying the useless records after entry, of classifying the records sorted for preservation, of preparing the necessary registers and the index before the whole work connected with the arrangement of records, as contemplated in Government Order No. 1356-65, dated the 19th November 1903, could be said to have been satisfactorily done. Therefore some very systematic endeavours have to be made for all this important work being vigorously and properly attended to.

4. I need not add that all that is possible for a controlling office like mine to do, has been done in the matter. The monthly review of the progress of work was started in February 1904, purely at the initiation of the then Revenue Commissioner. And since then though there is no way by which the actual contents of a daftar or its importance can be judged, every month the figures have been reviewed and every month words of warning and persuasion have been fully utilized to impress on the officers concerned the necessity of getting the work done well and in time. Nor have the Government been slow in strengthening my hands in this respect, and they have constantly censured and warned the officers concerned and also sanctioned extensions of the temporary establishment as each application was submitted. During my tours of inspection I paid special attention to the work done in the records of Taluk and District Offices, and explained to the sorting and ministerial establishment of these offices the rules, and the nature of the work to be done. But it must be admitted that we are now only at the beginning and not at the end of the work.

5. By way of extenuation as applicable to District and Taluk Offices, it may be added that the accumulation and confusion of decades have to be set right, that the miscellaneous work of these offices and the number of special reports and projects which in several cases

they have to submit or investigate have also increased and the somewhat frequent changes which some of the District and Taluk Offices have undergone within the last four years in the personnel of the head of these offices have also perhaps affected somewhat the continuity and the uniformity of the work done. But I cannot however disguise my apprehension that sufficient care was not bestowed in selecting proper hands for the temporary establishment sanctioned for sorting the records and that both this and the permanent hands in the record department have not been supervised as efficiently as they should have been for bringing this huge undertaking to a satisfactory conclusion.

6. Under the circumstances above explained, I think there is only one course which has to be pursued and that is the appointment for a year or two of a special officer whose sole and only duty will be to inspect the records of all the Taluk and District Offices, take note of the manner in which work has been done in each office and to strive to bring up all of them to a uniform level of efficiency in the matter of sorting, classifying and indexing of records, and submit his proposals and suggestions to the Deputy Commissioners and get them to issue the necessary instructions on the spot. His reports and the action taken thereon by the Deputy Commissioner may be submitted by the Deputy Commissioner to me for submission to Government. A couple of clerks and a few peons may also be given to him. He may be selected either from the ranks of Assistant Commissioners or from that of Superintendents of the Secretariat Offices of Government with the designation of "Inspector of Sorting of Records," and in either case he ought to be specially fit for the work and must be one who has already been in touch with the work. In the case of offices in which there is absolute need for extra establishment, a reduced scale may be adopted in view to the quantity of work already done and in each such case the competency of the individual appointed may be tested by the Inspector.

7. Financially, already the original estimate of Government as fixed in the Government Order No. 1356-65, dated 19th November 1903, has been exceeded to the extent of Rs. 10,128 (as may be seen from the statement) and the above proposal will still further add to it. But the work is one of supreme importance and in my humble opinion all requisite expenditure has to be incurred."

No. Fl. 8288-97—L. R. 21-06-51, dated Bangalore, 3rd May 1907.

Order thereon.—The Revenue Commissioner brings to notice that, in spite of the measures adopted for facilitating the sorting of records in District and Taluk Offices, the work done has not been satisfactory and that much still remains to be done in the way of destroying useless records, classifying those sorted for preservation, preparing registers, etc. He recommends in these circumstances the appointment of a special officer, with the designation of "Inspector of Sorting of Records," whose duty will be to inspect the records, take note of the manner in which the work is done in each office and bring the same to a uniform level of efficiency in the matter of sorting, classifying, indexing, etc.

2. The Government have no doubt that the inspection of records by an officer who has carefully studied the rules and who possesses a thorough experience of record work, is necessary to improve the condition of records and to secure uniformity in arrangement. They are therefore pleased to approve of the Revenue Commissioner's proposal to appoint a special officer as above as a tentative measure for a period of two years with effect from the 1st July 1907. The officer selected will work under the Revenue Commissioner for a few weeks in examining the records of some District and Taluk Offices under his supervision. The Revenue Commissioner is requested to frame the necessary instructions for the guidance of the Inspecting Officer and of the Deputy Commissioners so as to ensure a careful and systematic arrangement of the records.

3. One clerk on pay not exceeding Rs. 30 and two peons on pay not exceeding Rs. 7 each per mensem will be given to the Inspector of Sorting of Records.

Government Order No. R. 5516-55—L. R. 252-06-3, dated the 29th November 1906, sanctioning the readjustment of the groups of taluks constituting the charges of the Revenue Sub-Divisional Assistant Commissioners and requesting the Revenue Commissioner to submit proposals in regard to the revision of the establishments of Assistant Commissioners.

2. Correspondence ending with letter No. 8375, dated the 29th January 1907, from the Revenue Commissioner in Mysore.—

Adverting to para 4 of Government Proceedings No. R. 5516-55—L. R. 252-06-3, dated the 29th November 1906, with reference to the revision of Assistant Commissioners' establishments. I have the honour to state that I am in complete agreement with the views expressed by Mr. T. Ananda Rao, my predecessor in office, in para 10 of this office No. 9649, dated 20th April 1906, and consider it inexpedient to have difference of establishments of the different Assistant Commissioners or Sub-Division Officers as regards scale and rate of pay. As regards however, the strength of the establishments of the different Sub-Divisions, I am of opinion that in the re-groupings sanctioned in the Government Order under advertence, the work in some of the Sub-Divisions will be heavier than in others and the classification suggested in para 7 of this office No. 9649 should be modified. The enclosed statement A shows approximately the area, population, estimated land revenue and the probable correspondence work of several Sub-Divisions. Taking into consideration these factors and also the relative importance of the different Sub-Divisions I would divide them into three classes as shown in column 8 of Statement A. There will be three first class, six second class and eight third class Sub-Divisions.

2. It is a matter of general complaint that owing to the establishments of Assistant Commissioners' offices being ill-paid and under-manned, the said officers are very much handicapped in performing their work and are unable to exercise sufficient check and scrutiny over the work of the Taluk Offices. With a view to remedy these drawbacks and place the establishments of the Sub-Divisions on a satisfactory basis, I propose to assign six clerks to each of the three first class Sub-Divisions, five clerks to each of the six second class offices and four clerks to each of the eight third class offices as shown in the statement B annexed. This scheme would absorb 80 out of the 85 hands now borne on the existing Assistant Commissioners' and Sub-Division Officers' establishments and would leave one clerk on Rs. 20 and 4 clerks on Rs. 15 unprovided for. These five clerks may be treated as supernumeraries and absorbed before the 1st July 1907 as vacancies occur in the offices of the Deputy Commissioners, Sub-Division offices or Taluks. The two Treasury Assistant Commissioners who get a taluk each from 1st July 1907, being at head-quarters, may be placed in general charge of the Deputy Commissioners' establishments and should be able to get the Revenue work of the single taluk entrusted to them performed in the Deputy Commissioner's office itself, the Treasury Magisterial Clerk now attached to their offices being utilized for the Magisterial work.

3. The superior establishments of Sub-Division and Assistant Commissioners' offices now cost Government a sum of Rs. 2,691 per mensem as shown in column 5 of Statement B that accompanied this office No. 9649 of the 20th April last (*vide* also the budget estimates for 1906-07 "2 B Land Revenue (2) Charges of District Administration 12 and 13)" while the establishments now proposed will cost only Rs. 2,620 and I do not consider it possible to reduce the cost any further.

4. As regards the menial establishments, in view of the retrenchment now in progress in different Departments of the State, I am of opinion that all the Sub-Divisions should be content with seven menials as per margin. There are now 144 menials borne on the establishments of the existing Sub-Division offices and Assistant Commissioners' offices costing in the aggregate Rs. 987 per month, but at the rate of 7 menials on a monthly pay of Rs. 48 for each Sub-Division, the total number of men required would be 119 costing Rs. 816 a month, excluding the personal allowance of Rs. 35 a month which will be temporary. Thus there will be a saving of Rs. 171 per month or Rs. 2,052 per annum in this case. Twenty-five supernumeraries among the menials as shown in statement D will be drafted on to the District Offices to be absorbed, and if not so dealt with before the end of the year, they may be retired on compensation pension under Article 296 of the Service Regulations.

5. The acceptance of these proposals would also for some time to come involve the grant of personal allowances to the amount of Rs. 30 a month in the case of superior establishments and Rs. 35 in the case of menials as shown in the statements C and D appended, and I request that sanction may be obtained for them also.

6. In conclusion I request that early sanction of Government may be obtained to these proposals, so that I may be enabled to give effect to the necessary arrangements from the beginning of the coming official year when the re-groupings of taluks will also come into force.

No. R. 10172-210—L. R. 509-05-5, DATED BANGALORE, 30TH MAY 1907.

ORDER THEREON.—The existing scale of establishment for the several Assistant Commissioners was prescribed in Government Order No. 11906—Mis. F. 35-96, dated the 30th April 1897. Since then the work in each of the Assistant Commissioners'

offices has increased and the additional powers and responsibilities vested in the Assistant Commissioners by Government Order No. R. 3894-935, dated the 14th April 1903, as well as the abolition of the four (old) Sub-Division Offices and the reduction of the number of Assistant Commissioners' charges from 22 to 20, have added considerably to the pressure of work in these offices. Difficulty is also experienced owing to the inequalities in the scale and rate of pay of establishments sanctioned by the Government Order of 30th April 1897, referred to above, for the several Assistant Commissioners and Sub-Division Officers. The inadequacy of the present establishment for the efficient and expeditious disposal of business, and the necessity for an increase thereof having been frequently urged by the Deputy Commissioners and Assistant Commissioners, the Revenue Commissioner was, on 1st March 1906, asked to submit proposals for their revision, which were accordingly submitted in his letter No. 9649, dated the 20th April 1906.

2. The ministerial establishment of the existing 20 Sub-Divisions consists of 85 hands entailing a cost of Rs. 2,691 per mensem. The then Revenue Commissioner, Mr. T. Ananda Rao, proposed to divide the establishments of all Assistant Commissioners according to their importance into three classes A, B and C with an establishment of 5, 4 and 3 clerks, respectively, as shown in the margin, at an aggregate cost of Rs. 2,615 per mensem, including the pay of a clerk on Rs. 25 proposed to be allowed to the Treasury Assistant Commissioner at Mysore for Revenue work, and to have six offices in class A, 12 in class B and two in class C. This proposal, while maintaining the numerical strength at the original scale of 85 hands, would eventually result in a saving of Rs. 76 per mensem. It would necessitate, however, the payment immediately of a personal allowance amounting to Rs. 115 per mensem to make up for the difference in salaries consequent upon the revision.

3. Before issue of orders on this proposal, Government considered the question of the re-grouping of taluks in Assistant Commissioners' charges, as it was thought that there was further scope for their reduction and in their Order No. R. 5516-55—L. R. 252-06-3, dated the 29th November 1906, directed the reduction of the number of Sub-Divisions from twenty to seventeen with effect from 1st July 1907. The proposals made by Mr. T. Ananda Rao had in consequence to be modified, and the present Revenue Commissioner who was directed to submit revised proposals has accordingly done so. He proposes also to have three classes of Sub-Division in accordance with their importance and the quantity of work done, and divides them as follows:—3 in the first class, 6 in the second and 8 in the third with a total establishment of 80 clerks, consisting of 6, 5 and 4 clerks, respectively, in each of the classes as shown in the margin, the total cost amounting to Rs. 2,620 a month or Rs. 71 less than the present cost. One clerk on Rs. 20 and 4 clerks on Rs. 15 each out of the present staff are to be treated as supernumeraries till they are absorbed, and a personal allowance of Rs. 30 a month is proposed to be given to some of the officials to make up for the difference of pay between the present and proposed scales until the officials are otherwise provided for. The Revenue Commissioner is of opinion that the Treasury Assistant Commissioners at Kolar and Tumkur need not be given any clerical establishment for the Revenue work of the single taluk assigned to each of them, as they may get the work done by the Deputy Commissioner's office establishment. Thus his proposals as compared with those of his predecessor show a variation not only in the classification of the Sub-Divisions, but also in the number of officials to be assigned to each Sub-Division and the rate of pay for them. As regards the number of clerks and the rate of pay, the modifications proposed by the present Revenue Commissioner in the proposals of his predecessor in office are (1) the appointment of an additional clerk on Rs. 30 for each Sub-Division and (2) the substitution of a clerk on Rs. 20 for the one on Rs. 15 in the first and second classes.

Total Rs. ...	180	160	140

4. Government are of opinion that the present Revenue Commissioner's classification of the Sub-Divisions may be accepted as also the number of officials that he proposes to allot to each class. As regards the pay of the officials, Government direct that an official on Rs. 20 be substituted for one on Rs. 30 and one on Rs. 15 for one on Rs. 20. The strength of the establishment will then be as shown in the margin.

1 5th " ...	20	...	..
1 6th " ..	15	15	...
Total Rs.	165	145	130

The cost of the establishment for the 17 Sub-Divisions will be Rs. 2,405 per mensem as against Rs. 2,620 as proposed by the present Revenue Commissioner and Rs. 2,615 as proposed by Mr. T. Ananda Rao when Revenue Commissioner and as against Rs. 2,691, the present cost. This will result in a saving of Rs. 286 per mensem or Rs. 3,432 per annum ultimately.

5. As regards menial establishment, each Assistant Commissioner has at present six menial servants costing Rs. 41 per mensem attached to his office and there are now 144 menials borne on the establishment of the late Sub-Division Offices and Assistant Commissioners' offices costing in the aggregate Rs. 987 per mensem. Mr. T. Ananda Rao, when Revenue Commissioner, proposed the addition of one more menial on Rs. 6 per mensem to each of the offices thus raising the cost to Rs. 47 a month for each office. The present Revenue Commissioner also recommends 7 men for each office at a cost of Rs. 48 per mensem involving the increase of pay of the dafadar from Rs. 8 to Rs. 9, the total number of men required being 119 costing Rs. 816 per mensem or Rs. 171 less than the present cost. In addition to this, a personal allowance of Rs. 35 is proposed to be given to thirty-five peons owing to the difference in the present and proposed rates of pay till they are otherwise provided for, and twenty-five men (1 on Rs. 5 and 24 on Rs. 6 each) are proposed to be treated as supernumeraries till they are absorbed or retired on compensation pension. Government are, however, of opinion that the existing menial establishment numbering six for each office is quite sufficient and no increase in number is therefore necessary. As proposed by the Revenue Commissioner, the pay of the dafadar will be raised from Rs. 8 to Rs. 9.

6. With the modifications pointed out in paras 4 and 5 above, the Government of His Highness the Maharaja of Mysore are pleased to sanction the proposals of the Revenue Commissioner, and direct that the same be brought into force with effect from 1st July 1907.

7. The ultimate financial effects of the recommendations above made after the supernumeraries are retired or absorbed, will be as follows :—

SECTION 2—LAND SURVEY

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. R. 9813-4—L. S. 67-06-1, DATED BANGALORE, 8TH MAY 1907.

ORDER.—Government observe that, in order to give proper effect to the revised settlement, it is necessary that the printing of the new village maps should proceed simultaneously with the revision settlement. For the identification of new survey numbers and the regular conduct of the Pahani inspection such maps are necessary, and without them the issue of new pattas, in accordance with the revised settlement will also be greatly retarded.

A provision of Rs. 2,000 has therefore been provisionally sanctioned for 1907-08 in Government Order No. Fl. 252-3—Gen. Fin. 306-06-4, dated 25th April 1907, on account of photo-zincographic charges. The Superintendent of Revenue Survey and Settlement is therefore requested to arrange for the very early preparation of new maps for villages in which revision settlements have already been introduced, which are not as yet ready. In future the Superintendent of Survey is requested to see that the village maps are ready for issue simultaneously with the introduction of the revised settlement. He is also requested to expedite the preparation of the district maps ordered in Government Order No. R. 3065-75—L. S. 49-03-13, dated 3rd October 1904.

SECTION 3—AGRICULTURE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

1. Government Order No. R. 8777-9—Agri. 107-06-16, dated the 25th March 1907, deputing Mr. Cameron, Superintendent, Government Gardens, to visit the Agricultural and Industrial Exhibition held at Cannanore on the 27th March 1907, and directing him to submit to Government a report of his impressions on the Industrial and Agricultural Sections of the Exhibition.

2. Letter No. 2-a, dated the 10th April 1907, from the Superintendent, Government Gardens, submitting a report of his impressions on the said Exhibition.

In reference to Government Proceedings No. R. 8777-9—Agri. 107-06-16, dated 25th ultimo, deputing me to attend the Agricultural and Industrial Exhibition opened at Cannanore on the 27th ultimo, under the auspices of the "Sri Narayan Dharma Paripalana Yogam," in the capacity of a judge, and to subsequently report my impressions to Government regarding the Agricultural and Industrial Sections of the Exhibition, I have the honor to offer the following particulars.

Opening ceremony.

2. I arrived at Cannanore on the 27th ultimo in time to attend the opening of the Exhibition by the Honourable Mr. A. E. Castle-Stuart Stuart, I. C. S. Mr. A. Chatterton's lecture was also attended the same evening.

Judging.

Taking notes.

Lectures.

3. Most of the following day was occupied in judging Agricultural and Industrial exhibits; Mr. Glyn Barlows' lecture on the Difficulties of Industrialism in India being attended in the evening. A quiet inspection of the whole Exhibition on the 29th enabled me to secure notes both for this report and future reference. As at Peradeniya, last September, the course of lectures proved very instructive, though, I think, less English and more of the vernacular would have been better in this instance, where the audience consisted mostly of Indians.

Convenience of site.

Economy in buildings.

4. The site of the Exhibition was economically chosen in the old Sepoy Lines quite close to the Railway Station. Being in separate blocks, such buildings not only afford substantial protection to exhibits but are easily decorated and fairly well adapted to the purpose of show rooms. Stress is laid on this utility as large sums of money are often wasted in constructing temporary buildings when equally suitable accommodation may possibly be found by looking round the town where it is proposed to hold an Exhibition.

Exhibition creditable.

Prize lists, etc.

5. Being the first Exhibition of its kind at Cannanore, the promoters are to be congratulated on its general success. Though not on such an extensive scale as the Exhibitions held at Mysore in 1888 and 1906—the former especially—it was well organised and efficiently carried through. One glaring defect was the absence of prize lists, and award cards to be attached to the prize exhibits. In justice to exhibitors, and the public who pay for admission, such information should always be provided.

Staging.

Quality of exhibits in vegetable products.

6. Due, no doubt, to exhibits of a perishable nature being brought in at the last moment, the Agricultural Section representing field and garden products, showed signs of hasty arrangement, while some consignments were still unpacked. But taken as a whole, the collections were interesting, though leaving a good deal to be desired both in the variety, number and quality of the exhibits entered. A collection of English fruit and vegetables supplied to the Committee by Messrs. Rudrappa & Son of Bangalore stood conspicuous by itself, the only other exhibit of the kind being a few seedling vegetables

Rice good.

grown in pots at the local Jail. Of local products, yams, jungle roots, bread fruit, plantains, jack fruit, pine-apple, pumpkin and cucumber were plentiful. Pulses and grains other than paddy were disappointing. But the latter grain, consisting in one exhibit of no less than 130 varieties, was highly worthy of the district and occasion. For Malabar, the display of cocoanuts was meagre, though large in size and good in quality. One variety of the tender cocoanut class was specially commended, the whole fruit being soft and edible. Steps are being taken to introduce this valuable variety into Mysore. Most of the prizes in this class were awarded to Mr. Vengayil Valia Kunhi Raman Nayanar, a wealthy landholder of the district, and his brother Mr. Vengayil Krishnan Nayanar.

A rare cocoanut.

Chief exhibitors in agricultural products.

Textile exhibits.

7. As might be expected, the exhibits in coir yarn and matting were both numerous and excellent. But there was a regrettable absence of other fibres, except in meagre quantity. There were two good collections of plantation produce for which gold and silver medals were awarded. A good medal was also awarded to Messrs. Pierce Leslie & Co., for a fine collection of portable manures.

Coffee estate products.

Medicinal herbs and drugs. Bangalore Museum.

8. Medicinal herbs and minerals made a good show, being specially mentioned in the opening address. The Government will be pleased to hear that the local museum has been awarded a gold medal under this class.

Machinery, etc.

9. Under machinery, implements and tools, the most interesting exhibits were the oil-engines exhibited by Messrs. Massey & Co., and Messrs. Parry & Co., Madras. The Hornsby oil-engine exhibited by the first-named firm is of simple construction and seems admirably adapted for pumping water continuously. A number of ploughs and other farm implements were exhibited from the Government Farm, Coimbatore, by Messrs. Massey & Co., and a curious-looking plough, which I should like to see at work, by Mr. C. Karunakara Menon.

The arrangement made in the show-yard for testing these implements was limited and imperfect. Indigenous weaving looms were well in evidence, but unfortunately I am no judge of these. The khakee and drill materials produced by the Cannanore Weaving Company are certainly of excellent quality and very moderately priced.

Pottery.

10. Tiles and pottery, for which the West Coast is now famous, made a brave show, Henkes' Tile Works being well represented by an artistic and fully furnished pavilion of the firm's work. Three additional firms exhibited, two being purely Swadeshi.

Chrome in leather.

11. From an industrial point of view one of the most interesting exhibits in the Exhibition was the "Chrome Leather manufactures" exhibited by the School of Arts, Madras. This new industry not only applies to the shoe trade, but also to the army, irrigation, and every department in which leather becomes necessary. Chromium being abundant in Mysore, this new and possibly extensive use of the mineral should be encouraging.

Swadeshi exhibits.

12. A prominent feature of the Cannanore Exhibition is that a very large proportion of the exhibits are indigenous (that is grown or made in the country) or purely Swadeshi. Of the latter class soaps from Calcutta were very superior in quality, though not so artistically moulded and wrapped up as the foreign article. Another interesting exhibit of this class is the beautiful matting of the West Coast, of which superior examples are on view from Travancore, Palghat and other centres. Home-made articles of numerous kinds will be found in the "Fine Arts" Section, in the Ladies' Section and in the groups comprising metalware and jewellery. In this connection the Superintendent of the Connanore Jail is to be highly congratulated on the beautiful work he turns out in cocoanut carving inlaid with silver, also in ebony and other ornamental woods indigenous to the country.

Cannanore Jail work.

General Exhibitions disapproved.

13. With the above remarks it only remains for me to say that the Exhibition was well worth a visit even from distant parts of India. No doubt some sections were poorly represented, or suffered at the hands of others. Agriculture was not well done, because, to do it justice, it needs an Exhibition to itself in almost any country. Where Exhibitions are held periodically it is now the practice to undertake the whole in Sections year by year and not to attempt dealing with all the products of a country in one Exhibition. In this way more control, better results, and fuller information may be obtained, while the cost is much reduced.

Volunteers. 14. An interesting and useful feature of the Exhibition was that a number of young men, evidently students, formed themselves into a volunteer corps to help the executive staff. These lads wore distinctive badges and made themselves generally useful in looking after the exhibits and conducting visitors round the various Sections.

No. R. 9740-41—AGRI. 93-06-15, DATED BANGALORE, 4TH MAY 1907.

ORDER.—The Government of His Highness the Maharaja of Mysore are pleased to issue, in supersession of previous orders on the subject, the following instructions for the preparation and submission of the statement showing the estimate of acreage under wheat and the out-turn thereof.

2. Three forecasts of the wheat crop should be prepared and submitted by the Revenue Commissioner and Director of Statistics so as to reach the General and Revenue Secretariat by the 1st December, 10th February and the 20th April, respectively.

The *first* forecast should contain a rough account of the state of the crop and need not, except in cases in which details can be supplied without trouble, contain information as to area. The report should state the date at which the sowings began in the year under report and should say whether the date was early, normal or late.

The *second* forecast will give as accurate information as may then be procurable regarding both the estimated area and the state of the crop.

The *third* forecast will be in the form appended hereto. (*Vide* Appendix II.)

3. Special instructions to be followed in the preparation of the final forecast are printed at the bottom of the form appended (Appendix II) and careful attention should be paid to them in compiling the return. The mode of ascertaining the standard normal out-turn per acre and of calculating therefrom the estimated out-turn of the season as obtaining in British India in conformity with the forecasts issued, in which the local forecasts are to be prepared, is printed in Appendix I to this Order. Special attention is drawn to the procedure described in para 2 of the above, whereby the accuracy of the forecast is required to be tested annually by comparison with the out-turn which is realised at the close of the season so as to facilitate the detection of errors and to issue instructions to guard against their repetition. Government trust that, by careful observance of these instructions, the statistics will be rendered as reliable as possible, and will be submitted punctually on the prescribed dates.

4. The Revenue Commissioner will arrange in communication with the Superintendent of the Government Press to print and distribute the number of copies of the appended form (*vide* Appendix II) required for use in his and the Deputy Commissioners' offices.

APPENDIX I.

The system obtaining in British India for ascertaining the standard normal out-turn per acre and of calculating the estimated out-turn for the season.

Under the system prescribed for British India, the Director of Land Records maintains a register of the standard normal out-turn per acre and calculates therefrom the estimated out-turn of the season on receiving the local estimates of the relation borne by the season's out-turn to the normal. So far as the normal standards are concerned, they have been revised in most Provinces with considerable care, but they are no doubt still imperfect, and the Government of India have emphasised the importance of collecting more information and of making further revisions from time to time after an examination of the trade statistics, the results of crop experiments, the actual out-turns obtained in Government farms, and other available data. The yield per acre regarded as normal and any modifications thereof are reported to the Director-General of Commercial Intelligence. By the normal figures in this connection is meant the figures which in existing circumstances might be expected to be attained in the year, if the rainfall and season were of a character ordinary for the tract under consideration. The main source of error in the estimate of a yield appears to lie in the inaccuracy of the estimates by the local reporting agency of the relation between the season's out-turn and the normal. Such an estimate is difficult to make owing to the extremely large variations in out-turn due to differences of season, the yield of good years being generally much understated. It has also been suggested that this defect is due to the difficulty that the subordinate agency experience in comparing the prospects of the harvest with a visionary standard of a normal crop which they have never seen, and that they would give more accurate information of the expected out-turn by comparison with the out-turn of the previous year of which they and their informants must have fairly accurate recollections. Their estimate of the year's crop would thus not be given in the form of a percentage of the normal crop, but they would state how much better or worse than in the previous year the out-turn per acre promised to be.

A most important aid to accuracy in future forecasts is an examination of the inaccuracies of preceding forecasts. It would seem that some Directors rest content with making as accurate a forecast as possible at the time without submitting it to a further examination at the close of the season. A comparison of the forecast with the ascertained information regarding the actuals is therefore made annually with a view to the location of any error and the issue of instructions to guard against its repetition. All alterations made in a final forecast are communicated to the Director-General of Commercial Intelligence.

APPENDIX II.

Note.—1. The information given in the remarks column should be as concise as possible and should not repeat information given by the figures, and in cases of doubt a careful summary of the facts ascertained should be preferred to mere expressions of opinions thereon.

2. A memorandum should accompany this statement explaining any large variations either in the area cropped or in the out-turn. In this memorandum a very brief note should be made of the prices prevailing, and it is more important that the relation of existing prices to those of past years should be noted than the prices actually prevailing.

3. When the quinquennial or decennial periods include one or more famine years the averages for five or ten years as they would stand after the omission of the famine years should be entered in a footnote.

The following papers relating to the settlement of the Chakankatte Forest in the Arsikere Taluk, Hassan District :—

(1) Letter No. 90, dated the 31st August 1905, from the Forest Settlement Officer in Mysore :—

" I have the honor to submit a report on the conclusion of the settlement of the Chakankatte Forest in the Arsikere Taluk of the Hassan District.

2. The initial notification under Section 4 of the Mysore Forest Regulation appeared on page 361 of the *Mysore Gazette*, Part I, English, dated 2nd June 1904, and the proclamation thereof under Section 5 of the said Regulation, on pages 416 & 417, Part II, Kanarese, of the *Mysore Gazette* dated 7th July 1904, under the signature of Mr. B. Ramaswami Iyer, who was in charge of this office at that time.

3. The locality was inspected and perambulated by me in March last (on the 16th, 17th and 18th) and the claims of the villagers were enquired into and disposed of as follows :—

(1) One claim to remove minor forest produce.
(2) Two claims for right of way.
(3) Seven claims for right of free grazing.
(4) One not falling under any one of the above.

The claim in (1) was admitted and recorded, and one claim in (2) was rejected as unnecessary and the other allowed. Seven claims in (3) were rejected and one claim in (4) was disposed of by excluding a certain portion of land.

4. The Deputy Commissioner in his No. 12, dated 3rd July 1905, states that no appeals were preferred to him against my decisions.

5. The following are herewith submitted :—

(1) B. Register of claims.
(2) C. Register of lands taken up.
(3) Boundary notification.
(4) Sketch map.

6. The date from which reservation is to take effect has to be inserted in the Notification."

(2) Letter No. 2703, dated the 26th September 1905, from the Conservator of Forests in Mysore, submitting his remarks on the settlement.

(3) Letter No. 9043, dated the 15th February 1907, from the Revenue Commissioner in Mysore, furnishing his opinion on the above.

(4) Government Order No. R. 8389-91—Ft. 69-05-6, dated the 16th March 1907, directing the exclusion of 100 acres to the north of Survey No. 62 of Kalgundi village for the requirements of the raiyats.

(5) Letter No. 234, dated the 4th April 1907, from the Forest Settlement Officer in Mysore, submitting the revised boundary notification of the Forest

No. R. 9757-61—Ft. 69-05-8, dated Bangalore, 6th May 1907.

Order thereon.—The Conservator states that the concession in regard to the removal of wood for agricultural implements may be permitted to be availed of in the annual coupes or confined to such areas as have been specially set apart for the purpose, that the removal of firewood may be limited to dead wood of classified and unclassified kinds picked up in the forest, and that these and other produce may be removed on free licenses issued by the local Forest officials. This will be embodied in the draft notification. The settlement as revised is approved, and the notification as hereunder will be published in the *Mysore Gazette* under Section 17 of the Mysore Forest Regulation (No. XI of 1900), the 1st of July 1907, being entered as the date from which the block shall be declared a State Forest.

2. The Deputy Commissioner of the Hassan District is requested to promulgate the boundaries of the block in the localities in which it is situated.

3. The area comprised in the forest will be as follows:—

It enters the reserve at the north-east corner of Survey No. 85 of Martagere; goes north-east across Survey Nos 80 and 81 of Martagere and 62 of Narsipura, for a distance of about 125 chains and quits the reserve in its eastern boundary about 23 chains south from the south-west corner of Survey No. 58 of Narsipura.

B. The following concessions are admitted within the Block.

(1) Fuel.—Dead, fallen and unserviceable wood of unclassified trees at five head-loads per family per month gratis.

(2) Wood of unclassified trees for agricultural implements, *i. e.*, two ploughs for each kandayam-paying raiyat per year to be given from the State Forest under the same terms as the raiyats are entitled to in the District Forest, *i. e.*, gratis.

(3) Thatching grass at ten head-loads per thatched roof per year gratis.

Concessions (1) to (3) to be enjoyed by the Martagere villagers.

Do (2) by Chikammanahalli raiyats.

Do (1) and (3) by Marulasiddanahalli raiyats

N. B.—(1) A margin of 5 chains to be left along the edge of cultivation at the time of clearing the final demarcation line.

(2) Concession (2) will be limited to the annual coupes or areas specially set apart for the purpose.

(3) The produce mentioned in the concessions will be removed on free licenses issued by the local Forest officials.

By Order,
K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

Letter No. 8688, dated the 3rd May 1907, from the Conservator of Forests in Mysore, submitting a report on the auction sales of sandalwood held in November and December 1906 in the several kotis of the State:—

"I have the honor to submit the following report upon the auction sales of sandalwood of 1906.

2. The auction sales were held during November and December, commencing in the Mysore District and ending in the Shimoga District, at the several kotis in the order shown hereunder:—

District	Koti	Date of sale
Mysore	Hunsur	19th November 1906
	Seringapatam ...	22nd . do
Bangalore	Bangalore ...	26th do
Hassan	Hassan	29th do
Kadur	Chikmagalur ...	3rd December 1906
	Tarikere	6th do
Shimoga	Shimoga	8th do
	Sagar	13th do
	Tirthahalli ...	17th do

3. The total quantity exposed for sale was 2,711 tons, 7 cwts. and 13 lbs., of which 2,231 tons, 9 cwts. and 64 lbs. were sold for Rs. 12,12,248. Of the balance left, over 147 tons, 16 cwts. and 49 lbs. were subsequently sold by tenders for Rs. 70,016, thus leaving in our hands 332 tons, 1 cwt. and 12 lbs. still to be disposed of. The out-put was in excess of the previous year by 248 tons, 4 cwts. and 22 lbs., but the quantity actually sold was 83 tons, 16 cwts. and 102 lbs. The usual annual out-put is about 2,400 tons, but for the report year it was increased in view to test the market demand for this valuable product. The result proved, however, that the demand is less than what was anticipated. It is, however, satisfactory to note that notwithstanding the smaller quantity sold, the sale proceeds exceeded those of the previous year by Rs. 32,324-13-8.

4. The subjoined table compares the results of the sales during the year under report with those of the previous year at the several kotis:—

6. There has been an increase in the output in all the districts except Bangalore, where, however, the decrease is inconsiderable. The all-round average rate is Rs. 539 against Rs. 507 in the previous year, which was the highest on record till then, but if the value of the quantity withheld from sale be reckoned at the sale rates, the average rises to Rs. 543. As in the previous year, Kadur secured the highest rate; Bangalore takes the second place; Hassan the third; Mysore the fourth; and Shimoga, the fifth. The average for Kadur and Shimoga would have been still higher but for the withholding from sale the higher classes for want of proper bids.

7. The attendance at the sales was good and competition very keen till the commencement of Tarikere sales, when it slackened a good deal, a fact due, it is believed, to advices from Europe being against large purchases owing to the high rates.

8. In the following statement the names of the principal merchants, the quantity purchased by each and the value thereof, are given :—

9. As usual, Messrs. Volkart Brothers are the largest purchasers. A fact worthy of notice is that one of our local merchants figures as one of the principal purchasers—an unprecedented event. It was mainly owing to the competition of this merchant that the prices were kept up.

12. Prices ruled high for all the classes in all the kotis, roots taking the first place; next in order comes Panjam, while Vilayat Budh, which, according to our valuation, is the most valuable wood, takes the third place, fetching Rs. 47 per ton less than Roots, first class. It is, however, doubtful whether these high rates can be regarded with unalloyed satisfaction. High prices generally tend to reduced consumption and in some cases to the substitution of less costly products. Whether in the case of sandalwood this rule holds good, remains to be seen, notwithstanding the fact that Mysore almost monopolises the sale.

13. The following table compares the quantity, value and rate secured in each district for superior and inferior classes arranged according to quality and compared with the figures of the previous year.

14. The proportion of the two higher classes was less, and of the third, fourth and sixth, more than in the previous year. The proportion of Jajpokal would also have been greatly higher, but for the fact that a considerable portion of it was left unsold. The figures given in the preceding statement testify to the fact that the wood collected during the year was inferior to that collected in the previous year.

15. Along with Government wood, the following Jahgir, Inam, etc., sandalwood was also disposed of :—

District	Koti	Name of Inam or Jahgir, etc.	Quantity			Amount		
			Tons.	cwts.	lbs.	Rs.	a.	p.

16. The following table shows approximately the quantities of dry and green wood prepared for the year's sale in each koti :—

Total ...	2,711	7	13	2,522	0	111	189	6	14	

17. In pursuance of the policy inaugurated three years ago, the collection was confined strictly to dead and fallen trees. The great bulk of the wood thus collected, judging from outward indications, must have been lying on the ground for scores of years. Indeed, it has been ascertained that, in the outlying mountainous and inaccessible regions, sandalwood was never collected in previous years. Great praise is, therefore, due to the officers and subordinates for rescuing wood worth lakhs of rupees from utter destruction. The supply of dead wood, stumps and old roots will last for three or four more years.

18. The construction of the koti at Shimoga, sanctioned in Government Proceedings No. 398-9—Ft. 152-04-4, dated the 7th July 1905, has not been taken on hand yet and serious inconvenience is felt in consequence of the inadequate protection and accommodation provided by the existing building. In para 4 of Government Order No. 11577-86—Ft. 55-05-5, dated 7th March 1906, proposals were called for, for constructing a koti at Hunsur. The existing building was, therefore, carefully inspected by the Conservator in last June and the conclusion arrived at is that it is not necessary to construct a new building; and that roofing with Mangalore tiles and sundry other repairs and alterations are all that are required to make it suitable. Proposals for making the necessary improvements and alterations will be submitted early."

No. R. 10233-42—Ft. 58-06-4, dated Bangalore, 30th May 1907.

Order thereon.—Recorded.

2. The total quantity sold during the year was 2,379 tons, 6 cwts. and 1 lb., realizing Rs. 12,82,264-13-4 as against 2,463 tons, 2 cwts. and 103 lbs., realizing

Rs. 12,49,939-15-8 in the year previous. The quantity offered for sale was 248 tons, 4 cwts. and 22 lbs. more than in the previous year. The prices realised at the earlier sales were favorable. But as demand slackened and prices fell at the later sales, a part of the quantity advertised had to be withdrawn from sale.

3. The all-round average rate per ton secured during the year was Rs. 539, the highest on record compared with Rs. 507 in the previous year. The increase has spread over all descriptions of sandal and is conspicuous in the case of roots, though these belonged to dead and fallen trees which have formed practically the sole source of supply during the past three years. The results on the whole are satisfactory.

4. The lesson of the year is that the state of the sandalwood market in regard to demand and supply requires to be carefully watched and the out-put regulated so as to maintain a high level of prices.

5. Separate orders will be passed regarding the construction of a koti at Shimoga.

Progress Reports of Forest Settlement Operations in the several districts of the Mysore State for the month of March 1907, received from the Forest Settlement Officer through the Deputy Commissioners of Districts.

No. R. 10243-53—Ft. 185-06-8, DATED BANGALORE, 30TH MAY 1907.

ORDER THEREON.—As by Government Order No. R. 9141-4—Ft. 56-06-12, dated the 10th April 1907, the Forest Settlement Officer has been placed in subordination to the Revenue Commissioner for purposes of official control, these returns should hereafter be submitted through the Revenue Commissioner, who will thus have an opportunity of recording his opinion as to the nature of the work done. The Revenue Commissioner will send them to the Conservator, who is also interested in the progress of settlement work, to enable him to bring to the notice of Government any delay or other causes impeding it. The Conservator is, however, requested to send them with all despatch to the Secretariat.

2. The following statement shows the number of cases notified under Section 4 of the Forest Regulation, which had not been finally notified under Section 17 when the returns were sent :—

3. Of the seven cases shown as pending in the Secretariat, one, *viz.*, Chakankatte, has since been notified, and Kamasandra (Block VI) and Naganapur (Block III) have not been received. The papers connected with Kamasandra settlement

are stated to have been forwarded by the Settlement Officer on 25th May 1905. Early steps should be taken to trace and submit them. The papers relating to Basavankal and Kakankote extension are under consideration, and those of Bettadapura have been referred to the Muzrai Department for opinion. As it is reported that the boundaries of Govukunte-Gollahalli Block do not correspond with those notified, the question of ordering a fresh settlement is under consideration.

4. Of the 19 cases pending with the Settlement Officer, three belong to the year 1902, and four to the year 1903. The papers* of Dibbagiribetta are said to be pending with the District Forest Officer of Bangalore since January 1907. He must be directed to return them to the Settlement Officer early. The appeals in regard to the Ragihalli extensions are said to have been disposed of by the Deputy Commissioner. The final notification † should be submitted early. The Conservator is requested to furnish his opinion early in respect of the Soldevanhalli Block and the Belavathhalli Block. The other blocks are yet to be settled.

SECTION 5—REVENUE MISCELLANEOUS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Para 10 of Government Order No. R. 5042-80—L. R. 199-06-2, dated the 15th November 1906, approving of the suggestion of the Revenue Commissioner regarding the abolition of the monthly return of prices current of food grains and the substitution therefor of a half-yearly return to be submitted on or about the 1st April and 1st October respectively.

2. Correspondence ending with letter No. 12042, dated the 20th April 1907, from the Revenue Commissioner in Mysore suggesting a form for the new half-yearly return and furnishing his views on certain other points.

No. R. 9717-26—R. M. 264-06-4, DATED BANGALORE, 3RD MAY 1907.

ORDER THEREON.—The Government approve of the Revenue Commissioner's suggestion that the new half-yearly return of prices of food grains and other articles may be in the same form and comprise the same number of articles, as the monthly return (Form No. Rev. 53) whose place it is designed to take.

The prices to be entered in the new return will be those prevailing at the end of March and September, and the return will be submitted on the 1st April and 1st October, respectively, every year to the Revenue Commissioner, who will arrange to check and compile it in his office, and to republish the consolidated return with his review in the Gazette.

2. A revised form of the new return showing clearly the standard of prices that should be adopted is herewith appended and the Superintendent of the Government Press is requested to print and distribute as many copies thereof as may be indented for by the Deputy Commissioners of Districts.

3. The first half-yearly return will be submitted on the 1st of October next, and the monthly returns now being sent to the Secretariat will be discontinued hereafter.

Government Order No. R. 4115-24—R. M 712-04-21, dated the 25th October 1906 prescribing new fortnightly returns of prices and issuing instructions for their preparation, compilation and publication.

No. R. 9958-67—R. M. 10-06-39, DATED BANGALORE, 16TH MAY 1907.

ORDER THEREON.—In the form prescribed in the above order for the return of wholesale prices, the standard with reference to which the prices of wheat flour and sea salt (columns 17 and 18) have to be quoted is entered at the top of the return as a maund of 40 seers of 24 tolas each. As wheat flour and sea salt are not articles usually sold by weight in the State, the Government after consulting the Revenue Commissioner in the matter are pleased to direct that the wholesale price of wheat flour and sea salt may in future be given with reference to a palla or 100 seers as in the case of food grains, a palla being taken as equivalent to 3 Bengal maunds. Necessary modifications may be made in the headings of columns 17 and 18 by inserting the words "price per palla of 100 seers by the standard seers of 80 tolas" instead of the words "price per maund of 40 seers of 24 tolas" as at present. The corrections may be noted at the time of the next indent to the Press for these forms.

Correspondence ending with the Excise Commissioner's letter No. 3580, dated the 5th April 1907, submitting with his recommendation the tenders received by him for the manufacture and supply of arrack to the State, including the Civil and Military Station of Bangalore, for a period of three years from 1st July 1907 to 30th June 1910.

No. FL. 8498-507—S. R. 58-06-43, DATED BANGALORE, 9TH MAY 1907.

ORDER THEREON.—Messrs. Arbuthnot & Co. were the manufacturers from the year 1902-03 to 1906-07 and their contract, which would expire on 30th June 1907, was extended by three years (*vide* Government Order No. Fl. 8780-1—S. R. 30-03-10, dated the 20th June 1905). But the firm having become insolvent before the necessary agreement could be executed, other arrangements had to be made for the manufacture and supply of arrack from 1st July 1907. Tenders were accordingly invited in Notification No. Fl. 6501—S. R. 58-06, dated the 28th February 1907.

2. In response to this notification only two tenders were received accompanied with the usual deposit of Rs. 5,000 and of the two that of Messrs. A. Narainswamy Mudaliar & Co. and Bajjanna, whose rates for the different kinds of arrack are quoted in the margin, is the lower and should be considered to be the most favourable under the existing circumstances, considering the market price prevailing in the adjoining districts of the Madras Presidency.

Palmyra Jaggory and Molasses arrack Re 0-10-11 per gallon of 20° under proof

Sugar-cane Jaggory arrack: Re 0-11-11 per gallon of 20° under proof.

3. Messrs. A. Narainswamy Mudaliar & Co. and Bajjanna do not, as required in the notification, separately quote for Molasses arrack, this kind being stated to be not available for the whole year's consumption. The Government observe that the arrack manufacturer is bound to supply such quantities of different kinds of arrack as may be fixed by the Excise Commissioner with reference to the requirements of the Department. On this understanding, the Government are pleased to accept the tender of Messrs. A. Narainswamy Mudaliar & Co. and Bajjanna for the Mysore State, including the Civil and Military Station of Bangalore.

4. In reference to the observation made by the Excise Commissioner in para 12 of his letter read above, Government consider that the firm may be insisted upon to employ expert and otherwise arrange for the effective working of the contract. But as a precautionary measure, Government are of opinion that steps should be taken when the contract bond is executed to retain powers in the hands of the Excise Commissioner to see and ensure that in addition to the provision that exists already for scrutiny being exercised over the quality of the materials used in the manufacture, a competent managing staff is maintained by the firm so as to keep up the reputation and high standard of the Bangalore Central Distillery.

5. The Excise Commissioner is accordingly requested to have the necessary agreements executed by the firm and the required security deposit taken, and otherwise to take needful steps for the proper carrying out of the contract from 1st July 1907.

Para 78 of the Excise Administration Report for 1905-06 bringing to the notice of Government the necessity for raising the rate for the sale of opium to the vendors in view of the almost permanent enhancement in the cost price of opium, which the Government have to pay owing to the fluctuations in the Bombay market and other causes.

2. Para 12 of the Government Order No. Fl. 3765-74—S. R. 52-06-3, dated the 23rd November 1906, requesting the Excise Commissioner to ascertain how an enhancement of the price, at which opium is now sold to the licensees and the corresponding increase in the retail price would affect the demand for the drug and to submit a report in the matter.

3. Correspondence ending with letter No. 4006, dated the 6th May 1907, from the Excise Commissioner, recommending that the price to be charged to the licensed vendors may be raised from annas 6 and pies 3 to annas 7 and pies 6 per tola or from Rs. 31-4-0 to Rs. 37-8-0 per seer of 80 tolas, and the retail price from annas 7 and pies 6 to annas 9 per tola or from Rs. 37-8-0 to Rs. 45 per seer of 80 tolas, and stating that these enhancements would not perceptibly affect the demand for the drug.

No. Fl. 8832-41—S. R. 89-06-5, DATED BANGALORE, THE 30TH MAY 1907.

ORDER THEREON.—The Government agree with the Excise Commissioner that the retail rate for the sale of opium should be increased from 7½ annas to 9 annas per tola, and the price of issue from 6¼ annas to 7½ annas, and they sanction his recommendations accordingly. The increased rates will come into force from 1st July 1907. A notification to this effect will be published in the Gazette.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Government Order No. Fl. 6826-7—S. & A. 86-06-23, dated the 12th March 1907:—

"1. Mr. Appadurai Mudaliar was in Government Order No. 9470-1—Md. 26-04-5, dated 14th March 1906, promoted from the grade of Sub-Assistant Surgeon, 1st class, to that of Assistant Surgeon, 4th class, with retrospective effect, *viz.*, from 5th December 1904. As Sub-Assistant Surgeon, he was entitled to road mileage at 6 annas a mile and a daily allowance of Rs. 3, while as Assistant Surgeon he is entitled to higher rates, *viz.*, 8 annas and Rs. 4 respectively. For the journeys performed by him between 5th December 1904 and 14th March 1906 he now claims allowances at the higher rates, and the Senior Surgeon recommends the grant of the same on the ground that Mr. Appadurai Mudaliar would have drawn the allowances at the higher rates if the Government Order sanctioning his promotion had been passed in time.

2. Government have to observe that under Article 534 of the Mysore Service Regulations, travelling allowance is given to an officer to cover the actual travelling expenses incurred by him in travelling in the interests of the public service, and that it should not be made a source of profit. As the officer was not aware at the time he performed the several journeys in question that he would become entitled to the increased rate of travelling allowance, it is only reasonable to suppose that he incurred travelling expenses on a scale consistent with his rank and status at the time and only to the extent to which he was entitled prior to the issue of the order.

3. The general principle regulating the grant of travelling allowances being as above, Government regret that the higher rates of allowances claimed by Mr. Appadurai Mudaliar for the journeys performed by him as Sub-Assistant Surgeon cannot therefore be sanctioned."

No. Fl. 8404-45—S. & A. 649-06-2, DATED BANGALORE, 6TH MAY 1907.

ORDER THEREON.—As an officer does not change his style of travelling because he anticipates his promotion, and as the fundamental principle of granting travelling allowance is that it should not be made a source of profit, Government are of opinion that the travelling allowance of an officer should be determined by his status at the time he makes the journey and that for travelling allowance purposes his status cannot be considered as affected by the issue of subsequent orders of promotion with retrospective effect.

Government therefore direct that an officer whose promotion to a higher grade is sanctioned with retrospective effect should not be allowed to draw travelling allowance at the rates attached to the office to which he is promoted, for journeys performed by him between the date of the order of promotion and the date from which effect is given to the promotion.

JUDICIAL AND LEGISLATIVE

SECTION 1—LEGISLATIVE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 5773, dated the 4th December 1906, from the Revenue Commissioner in Mysore, recommending for the sanction of Government the proposals of the Registrar of Co-operative Societies in Mysore to make certain additional rules to facilitate the settlement of disputes, under Section 27 of the Co-operative Societies Regulation, III of 1905.

No. J. 3508—LEGIS. 21-06-4, DATED BANGALORE, 18TH MAY 1907.

ORDER THEREON.—It is reported by the Registrar of Co-operative Societies that the time has come when, in addition to the rules published with Government Notification No. J. 982—Legis. 4-3, dated the 27th September 1905, a few simple rules to facilitate the settlement of disputes relating to the business of such societies should be made and issued under clauses O and Q of section 27 of the Co-operative Societies Regulation, III of 1905.

2. The rules proposed by the Registrar are chiefly based on those already in force in the United Provinces, which appear well calculated to secure the end in view. The Government are not satisfied that the departure proposed from the United Provinces Rules is, in all cases, necessary or desirable. In the first place, they think it inexpedient that the Registrar should appoint only one arbitrator, and that the Amildar of the taluk. This will have the effect of officialising the societies and taking away their co-operative and popular character. It would be much more satisfactory if, as in the United Provinces Rules, there are 3 arbitrators, each party to a dispute appointing one of the arbitrators and the Registrar appointing the third, who may be the Amildar, if unavoidable, or any other person. In regard to appeals also, the United Provinces rules appear to be more suitable. When the decisions of Registrar in the United Provinces and even those of the arbitrators in the Punjab, are final, it seems unnecessary to provide for a further appeal or application for revision to the Revenue Commissioner, who has, moreover, no *locus standi* under the Regulation and whose only connection with Co-operative Societies is on the administrative side, under executive orders of Government. Lastly it appears desirable to retain the salutary provision contained in the United Provinces Rules excluding legal practitioners from representing the parties to a dispute, which has been omitted in the proposed rules.

3. On the whole, the Government consider that the United Provinces Rules may be adopted in their entirety with the addition in rule 5 thereof of the words "or such further time as may be allowed by the Registrar" as suggested by Mr. Shama Rao in his proposed Rule IV. The draft rules as approved by Government are as follows :—

"In continuation of the rules published with Notification No. J. 982—Legis. 4-3, dated the 27th September 1905, and in exercise of the powers conferred by the Mysore Co-operative Societies Regulation, III of 1905, the Government of His Highness the Maharaja of Mysore are pleased to make the following additional rules :—

1. Any dispute in respect of the business of a society between any person who—
   (*a*) is or has been a member of a society, or
   (*b*) claims through any one who is or has been a member and such society or its committee or any of its officers,
   shall be referred to the Registrar for decision.
2. The Registrar, on receiving notice of such a dispute as is referred to in Rule 1, shall either decide the dispute himself or shall refer it for arbitration to three arbitrators, of whom one shall be nominated by each of the parties to the dispute and the third by the Registrar.
3. Where any party to the dispute fails to nominate an arbitrator within fifteen days after receipt of notice from the Registrar, the Registrar shall himself make the nomination.
4. In proceedings under Rule (2) before the Registrar or arbitrators, the statements of the parties who attend and of such witnesses as they may produce shall be reduced to writing and upon the evidence so recorded, and after consideration of any documentary evidence produced by either side, a decision or award, as the case may be, shall be given in accordance with justice, equity and good conscience.
5. Where the decision or award involves the payment of money or delivery of grain and such payment or delivery is not made within one week or such further time as may be allowed by the Registrar, the Registrar shall send the record of the proceedings to the Deputy Commissioner for enforcement of the decision or award; and the Deputy Commissioner shall thereupon enforce the decision as if it were a decree for arrears of Land Revenue.
6. (1) Any party aggrieved by an award of arbitrators may appeal to the Registrar, within one month of the date of the award.
   (2) Every order made by the Registrar under these rules shall be final and conclusive.
7. In proceedings under these rules, neither party shall be represented by any legal practitioner."

4. As required by section 27 (3) of the Co-operative Societies Regulation, these rules were published in the issue of the *Mysore Gazette* dated the 14th March 1907. No criticisms and suggestions having been received, a notification will be issued promulgating the rules as above.

---

No. J. 3585-87—POLICE 1-06, DATED BANGALORE, 29TH MAY 1907.

ORDER THEREON.—On the 24th June 1902, one Nerlikere Phaniyappa of Tarikere complained to the Police of the Tarikere Taluk of theft of some vessels and bundles of papers from his house. The Police took the case on their files as Crime No. 10-115 - 1901-02 and submitted a first information report to the Amildar Magistrate of Tarikere on the 2nd July 1902. During the course of this investigation, the Police searched the house of the petitioner and seized certain vessels and bundles of papers. Finally, however, they submitted a "B" report to the Magistrate on the 18th January 1903. Mr Nadig Subba Rao, the then Amildar Magistrate, thereupon passed an order for notice being issued to the complainant to appear on the 13th February 1903, on which date he passed the following order:—

> "The complainant is present. He says he has additional evidence to offer. There is strong enmity between the parties. The case will be proceeded with. *Vide* separate statement"

No further action was, however, taken in the matter till February 1905, when, on the complaint of the petitioner that the property seized from him had not been returned, Mr. C. R. Krishna Rao, the then Amildar Magistrate, recorded the statement of the complainant in the case that owing to the lapse of time he could not adduce any evidence, and accepted the "B" report of the Police and also directed the return of all the property connected with the case to the persons from whom they were seized. Some of the articles seized from the petitioner were, however, not to be found in the Court-house.

The property seized in connection with the case was sent to the Taluk Police Office, but there is no voucher to show that the same was thence forwarded to the Magistrate's Court. The fact that some of the articles were found in the Court seems to show that the whole of the property seized might have been sent to the Court. Amildar Magistrate Mr. C. R. Krishna Rao in his report on the case to the District Magistrate expresses the opinion that the missing articles might have been returned to the petitioner. But in the absence of the petitioner's acknowledgment for having received the articles, his claim for a return of the same cannot be ignored, and, if the articles are not to be found, the value of the missing property should be recovered from the Police officers concerned and paid to the petitioner. The Inspector-General of Police is requested to see that this is done at an early date. He should also take steps to prevent a recurrence of such irregular proceedings on the part of subordinate Police officers.

From the records of the case the Government regret to find that the Magisterial work in the Amildar's Court seems to have been done in a very haphazard manner. The "B" report was received by Mr. Subba Rao on 18th January 1903 and the case was posted to 13th February 1903, but no Miscellaneous case number was given and no entries were made in the Diary or in the Miscellaneous Register of the Court. The statement referred to by Mr. Subba Rao in his order of the 13th February 1903 quoted above, seems to be the paper marked 2-14 in the records, but it is not in Mr. Subba Rao's hand-writing nor has he initialled and dated it The order dated 13th February 1903 to take the case on the regular file was never given effect to. The property connected with the case and received in the Court has not been noted in the Property Register. All these are irregularities which could not have been possible if the Magistrate saw that his registers were written up and signed from day to day as he was bound to do.

ORDER.—The following instructions are issued by Government with reference to the provisions of Section 197 of the Criminal Procedure Code, for the guidance of Police officers and Magistrates in regard to the institution of Criminal Proceedings against Police officers of and below the rank of Inspector for acts done by them in their official capacity.

1. Police Inspectors of all grades, who have been appointed or confirmed in their appointments either by the Government or by the Inspector-General of Police, shall not be liable to removal from office without the sanction of the Government.

2. No Court shall take cognizance of offences of which such Police Inspectors are accused in their official capacity, except with the sanction of the Government, or the Inspector-General of Police, or the Deputy Commissioner with the concurrence of the Inspector-General.

3. When the case is unimportant, such officers may be tried by the Court which has jurisdiction in the ordinary course; but when the case is one of importance (either as involving a charge of a serious offence or otherwise), the Government should be moved to specify under Section 197 (2) the Court before which the trial is to be held.

4. No Police officer below the rank of Assistant Superintendent shall order the institution of a criminal prosecution against a Police officer below the rank of Inspector for an offence committed in his official capacity. This does not, however, affect the right of the Magistracy or of private persons to initiate such proceedings without the sanction of any Police officer.

1. Petition from Sivarudrappa and Bodappa of Haragudde, Anekal Taluk, appealing on behalf of the eighteen-phana people of the said village, against the order of the Deputy Commissioner of Bangalore, dated the 18th August 1906, confirming the order passed by Deputy Commissioner Mr. Shujayet Ali Khan directing that the issue of a license to the eighteen-phana people to perform Mari puja at the western gate of the village should be subject to the condition that the nine-phana people are not prevented from passing through the gate at the time of the said puja.

2. Correspondence ending with letter No. S. 614, dated the 6th February 1907, from the Deputy Commissioner of Bangalore, reporting on the above.

No. J. 3623-24—POLICE 1-06, DATED BANGALORE, 31ST MAY 1907.

ORDER THEREON.—The population of the Haragadde village is divided into two factions, the eighteen-phana and the nine-phana, strongly opposed to each other. The dispute between the two parties in the matter of performing the Gramajatra is a long-standing one. In 1853, on the application of the nine-phana people, the Taluk Amildar ordered, in accordance with a mahazar drawn up at a public meeting of the villagers, that the eighteen-phana people should perform the jatra on a certain day, the other party performing it eight days later. In 1859 the nine-phana people again went up to the taluk authorities with a complaint that the eighteen-phana people were going against the mamul and that they might be ordered to strictly adhere to the terms of the arrangement already come to in the matter of processions and the jatra. The Amildar, with the consent of both the parties, ordered that the eighteen-phana people should take their processions through the northern (Desadapete) street and perform the Mari puja at the western gate of the village, and that the nine-phana people should keep to the southern (Nagartharapete) street and the eastern gate. The above two orders, however, do not seem to have set the dispute at rest. The nine-phana people tried to throw obstacles in the way of the other party performing the jatra, which, consequently, does not appear to have been held for a number of years. In 1892, while the eighteen-phana people were performing the puja at the western gate, the nine-phana people let into the place one Yelli, a Madigar woman. The eighteen-phana people thereupon complained to the Amildar that their puja was polluted. The Amildar, Mr. Honnappa Naidu, after going through the records, issued a license to the eighteen-phana people to perform the puja at the western gate according to mamul, and ordered that as it was distinctly laid down in the endorsement of 1859 that the western gate should be used by the eighteen-phana and the eastern gate by the nine-phana people for the puja, the latter should not approach the western gate, while the former were performing puja there. Against this restriction, the nine-phana people appealed to the Deputy Commissioner, who referred the case to the Divisional Officer. A report having been called for from the Amildar, that officer, after holding an exhaustive enquiry, stated that—

(1) the order of 1853 distinctly laid down that the parties should perform the jatra separately;

(2) that the fixing of Monday for the eighteen-phana and Tuesday for the nine-phana people was only for performing puja to Basaveswara and did not relate to the Gramajatra;

(3) that the western and the eastern gates had been respectively assigned to the eighteen and the nine-phana people; and

(4) that the feelings between the two parties were so bitter that it did not seem possible to make them perform the jatra jointly. He further stated that unless the two parties were made to perform the jatra separately, without interfering with each other's rights, there would always be the danger of a breach of the peace. The Divisional Officer, Mr. C. D. Ramaswamaiya, however, differed from the Amildar and reported that the restrictions laid down in the order of 1859 only referred to processions, and that the Amildar was not right in prohibiting the nine-phana people from passing through the western gate, which was public, and that he could not see any force in the argument of the eighteen-phana people that any others but the nine-phana people might pass through the gate while the former performed the puja there. The Deputy Commissioner agreed with the Assistant Commissioner in thinking that the Amildar's order was altogether unjustifiable, and directed that, as both the parties were equally entitled to the Mari feast, the eighteen-phana people could have no right to exclude the nine-phana people from it, and that license should be issued to the pujari (to whatever party he might belong) provided six men were found to stand sureties each in Rs. 500 for maintaining the peace. The surety amount was subsequently reduced to Rs. 100, and in 1904 the eighteen-phana people again obtained a license to perform the jatra. But when they were about to perform it, the nine-phana people complained that the other party were tying a *Thoranam* to the western gate, contrary to mamul, thereby obstructing them from passing through the gate for fetching water. The license was thereupon withdrawn and the Amildar Mr. P. Subba Rao was asked to make a report. That officer held an exhaustive enquiry in the matter and reported that the rights and privileges claimed by one party were strongly and with equal force rebutted by the other; that neither side would show the least inclination to

come to terms; that the evidence adduced did not clearly show whether the parties ever performed the jatra jointly, and when they separated, or whether the eighteen-phana people used to tie the thoranam during the puja.

He was of the opinion that when both the parties were doing the jatra together they must have been tying the thoranam and everything was going on without hitch; and that the separation of the parties must have taken place after the famine of the year Dhatu, subsequent to which the nine-phana people never attempted to perform the jatra. With regard to the objection against closing the gate during the puja, it was reported that the puja did not occupy more than a few minutes, and that on either side of the stone pillars forming the gate there were cart-tracks and paths by which people could pass in and out and that the eighteen-phana people had no objection to the nine-phana people using them for fetching water, etc. The Amildar was also of the opinion that although the eighteen-phana people often obtained licenses, they did not perform the jatra more than twice, namely, in 1892 when the thoranam was tied, and in 1904 when it was not allowed to be tied. In concluding his report, the Amildar stated that the objection of the nine-phana people to the tying of the thoranam was only a fresh contention; that he did not see why the nine-phana people should persist in passing through the gate during the time of the puja, as there were side-paths wide enough on either side of it; that if the restriction was not admitted, the order of 1859 fixing the northern and southern streets to the respective parties became meaningless, as both the streets were equally public streets. He therefore requested that explicit orders might be passed either to stop the jatra altogether or for the performance of it in a specific manner. The Deputy Commissioner, Mr. Sparkes, on perusing the above, decided that there was no reason to reopen the case which was settled as far back as 1893 by the then Deputy Commissioner, by setting aside the order of the Amildar closing the western gate to the nine-phana people during the worship of Gramadevata, and that the order of the former Deputy Commissioner allowing free passage through the gate to the nine-phana people must be carried out. Against this order the eighteen-phana people have now appealed.

2. Mr. B. Nagappa, Barrister-at-Law, was heard on behalf of the petitioners, the eighteen-phana people, and Mr. S. Narasim Iyengar, Advocate, on behalf of the respondents, the nine-phana people.

3. A careful perusal of the records connected with the case shows that the latest orders which have a binding effect upon the rival communities are those passed in 1859, according to which the northern street and the western gate were assigned to the eighteen-phana community and the southern street and eastern gate to the nine-phana community for performing the Gramajatra. The hitch appears to have arisen in 1892 when the eighteen-phana community were performing the jatra. On that occasion a Madigar woman of the nine-phana community intruded into the western gate during the performance of the puja, which led to a suspension of the puja and the institution of criminal proceedings. From this it will be seen that the nine-phana people took the objectionable course of disturbing the peaceful peformance of the Gramajatra by the eighteen-phana community according to mamul. At the instance of the nine-phana community the Deputy Commissioner passed an order in 1893 to the effect that the western gate should be kept quite open and that no one should be prevented from passing through it during the performance of the Gramajatra. This order appears to have been passed on a misapprehension of the facts of the case and the mamul, its effect being to render it impossible for the eighteen-phana people to perform the jatra. The object of the nine-phana people in getting a Madigar woman to force an entrance while puja was going on, was to create a disturbance and prevent the due performance of the puja. It is clear from the records that there are cart-tracks and foot-paths immediately adjoining the gate, through which people may freely pass, and that no inconvenience is caused to the nine-phana community by the gate being closed for a few minutes during the puja ceremony. The exhaustive reports of Messrs. Honnappa Naidu and P. Subba Rao, Amildars, filed in the records, throw sufficient light on the facts of the case and the mamul as regards the tying of thoranam and the using of the western gate by the eighteen-phana community. The tying of the thoranam over the gate is an incident connected with the ceremony. This, together with the prevention of the nine-phana people from passing through that gate while the ceremony lasts, may perhaps be construed as a technical interference with the

public right of way. But it must be borne in mind that the restriction is of very limited duration and is not in itself an unreasonable one or an arbitrary innovation, that the passing of the nine-phana community through the gate would cause a disturbance of public peace the prevention of which is the primary duty of the executive, and that, after all, the nine-phana community suffer no real inconvenience, there being foot-paths and tracks for carts, as stated above.

4. For the foregoing reasons, the objections raised by the nine-phana people appear to be frivolous and due to a factious spirit. The order of the Deputy Commissioner appealed against is therefore set aside.

Correspondence (of which the principal are printed here below) ending with letter No. 668, dated the 21st March 1907, from the President of the District Board of Mysore, soliciting sanction to the cost of certain pumps purchased from Messrs. Oakes & Co., Madras, for Rs. 572-12-0 to be met from the provision under "B. Public Works" in the current year's District Fund budget.

Letter No. 501, dated the 17th January 1907, from the President of the District Board of Mysore to the Secretary to the Government of Mysore, General and Revenue Departments.

"In submitting herewith an extract from the proceedings of the District Board dated the 10th August 1906, resolving that two Abyssinian or tube wells might be supplied to each of the Taluk Boards, I have the honour to state that after obtaining a catalogue from Oakes & Co., I consulted the Executive Engineer of the Mysore Division as to the selection of the best pumps that can be purchased. He has recommended the supply of pump No. 186 illustrated on page 157 of the enclosed catalogue. But as there are only five of such pumps available in the firm, I have ordered for the whole lot and also for one bearing No. 187—4. The cost of the six pumps delivered on rails at Mysore will, as per intimation received from the firm, be Rs. 524-8-0 (No. 186—3 at Rs. 85 each, No. 187—4 at Rs 99-8-0 each), and the cost of carriage to different taluks will be about Rs. 20-8-0. I request the sanction of Government for debiting the total sum of Rs. 545 to "B. Public Works" in the current year's District Fund budget. The catalogue may kindly be returned."

Letter No. 668, dated the 22nd March 1907, from the President of the District Board of Mysore to the Secretary to the Government of Mysore, General and Revenue Departments:—

"With reference to your docket No. 6804—L. B. 311-06-2, dated the 2nd February 1907, I have the honour to submit herewith copy of letter No. 1220, dated the 30th June 1906, from the Assistant Commissioner Mr. K. Srinivasa Rao, reporting on the working of Abyssinian tube wells in the Mandya Taluk.

2. As regards the urgency that led to the purchase of the pumps in anticipation of sanction, I beg to state that cholera having broken out in some parts of this district, it was found very necessary to supply at least a few villages with pure drinking water where scarcity was keenly felt. The District Medical and Sanitary Officer also urged the necessity for the supply of these pumps.

3. The names of towns to which they are proposed to be supplied are noted in the margin. The Executive Engineer of the Mysore Division has been requested to depute a subordinate of his Department to fix them at those places in working order.

4. Since my first letter on the subject, six pipes of the length of 25 feet each and six filters to suit the above pumps have been purchased from the same firm at a cost of Rs. 27-12-0 which I request may also be kindly sanctioned."

Enclosure to the above.

Letter No. 1220, dated the 30th June 1906, from K. Srinivasa Rao, Esq., Assistant Commissioner, French Rocks, to H. H. Sparkes, Esq., Deputy Commissioner, Mysore District:—

"Adverting to my office No. 1027, dated the 7th May 1906, I have the honour to submit this further report on the Abyssiniantube wells that were newly sunk in three places in Mandya Taluk. The idea of sinking these tube wells in this taluk originated as follows:—

Dr. Palpu, the Personal Assistant to the Sanitary Commissioner in Mysore visited Mandya in the course of his tours and inspected the honda or pond, almost the only source of water-supply to the town, in company with the Amildar and the Hospital Assistant. On observing the discoloured muddy water that was being taken therefrom for potable purposes, he incidentally remarked that if the Abyssinian well tubes were used for drawing water from the pond the discolouration and muddy condition of it would disappear, and that for all practical purposes the water would be unobjectionable. The D. P. W. Sub-Division Officer, Mr. Ellis, was also informed of this suggestion. He and the Amildar Mr. Krishnaswami Rao had a discussion and came to the conclusion that an attempt should be made to sink a tube well in the proper method.

At the next Taluk Board meeting at which I had the honour to preside, this proposal was considered and it was resolved to move the President to sanction a sum of one-hundred rupees for sinking a tube well. Mr. Ellis having kindly agreed to undertake the work, it was also resolved to place him in funds and to get the work executed through his kind offices.

This resolution was forwarded to the President who very promptly gave the necessary sanction to sink such a well at Mandya as an experimental measure.

Mr. Ellis put himself in communication with Messrs. Oakes and Company and got down the necessary apparatus for the well. In the language of Mr. Ellis I give a brief narrative of how the Abyssinian wells now in this taluk were sunk.

'These wells consist of the following and are obtainable from Messrs. Oakes and Company, Limited.

(1) The driving apparatus.
(2) The filter tube well point.
(3) The wrought-iron tubes with sockets
(4) The pump.
(*a*) The driving apparatus consists of a wrought-iron tripod, a cast-iron weight, a pair of cast iron clamps with bolt and nuts and a bundle of ropes.
(*b*) The filter tube well point is made from galvanized pipe, drilled with large holes and covered with gauze varying in grade from No. 60 to No. 90, while over this is placed the perforated brass jacket.
(*c*) The tubes are made from wrought iron in lengths of 5′ screwed at both ends with sockets.
(*d*) The pump—any ordinary pump can be fitted.'

The first well of this description was tried at Mandya in the bed of the tank; but the soil being clayey the well proved a failure. The apparatus was then withdrawn and the same well tried again, at a village (Indwal) three miles distance from Mandya in the bed of a jungle stream and proved a perfect success. For this well an ordinary closed-top pitcher-spout pump, 1½″ section, was used. This well has now been in use for the past two months.

A further trial was made at Mandya in the tank bed and to overcome the nature of the soil the following method was adopted. An open well 9′×9′ was sunk till the water-bearing stratum was met—the pit filled in with sand (coarse) and the tube well then driven till the water-bearing stratum was met. the pump fitted and worked; this well was in use for ten days, when some people broke the pump by hammering the same with boulders, this well was then withdrawn.

A further experiment was then made at the village of Sivapur close to the Maddur Railway Station opposite to the chattram. In this instance an open well was sunk 9′×9′ for a depth of 21 feet when the following soils were met. First earth soft, 2nd gravel, 3rd morrum, 4th soft rock. At this point a spring yielding a large supply of pure water was struck. The pit was then filled in with coarse sand, the well tube driven and the pump fixed. This pump was put in working order on the 26th May since which date it has been working perfectly.

His Highness the Maharaja accompanied by his Private Secretary inspected this tube well on the 29th May. A further inspection was made by the two Councillors on their way to Mysore; also by the Private Secretary to the Dewan. Another inspection was made by the Revenue Commissioner on the 25th instant.

By this method the object of the tube well is served, the water drawn from it being free from surface contamination, while the cost is far less than for an ordinary well. The well at Sivapur now gives a supply of about 200 gallons per hour.

These wells have been in working order since they were sunk. There has been no objection or hesitancy on the part of the masses for using this water; on the other hand the free use made of the well at Sivapur by all classes of people is beyond my most sanguine expectations. It is moreover reported by the villagers of Indwal that the water of the tube well there has certain peculiar properties amongst which are (1) that water even though it may be kept for days in brass pots does not tend to discolour it, (2) food cooked in this water keeps fresh for a longer time and does not stale as early as in ordinary well water.

As regards the irrigative value of these wells the raiyats appear to think them useful for such purposes and two of them have asked the Amildar of Mandya to get two such wells sunk for them and that they would pay the cost thereof. Jogi Gowda and Honne Gowda, two raiyats of Indwal, having asked Mr. Ellis to help them to sink a well on their dry land, that officer has very kindly got the necessary apparatus and has undertaken to get the work done for them and put the thing in working order.

To further popularize this most useful undertaking I would most respectfully venture to submit for the consideration of the Deputy Commissioner whether Mr. Ellis should not be placed on special duty to popularize this method of irrigation and to get as many wells as possible sunk in favourable localities. He may also be asked to train such of the Work and Tank Inspectors of the taluks as may show an aptitude for such work."

No. 10005-13—L. B. 311-06-4, DATED BANGALORE, 1ST MAY 1907.

ORDER THEREON.—Sanctioned with the observation that sanction of Government need not have been anticipated as it could have been obtained without undue loss of time.

2. A list of the Abyssinian wells in use throughout the district should be furnished at the end of June next with a report on the working of each, obtained from the Amildar of the taluk in which it is situated.

3. A special report on the two irrigation wells referred to in Mr. K. Srinivasa Rao's letter should also be furnished.

READ—

Letter No. 858—148, dated 27th March 1907, from the President of the District Board of Shimoga, submitting the District Fund budget estimates for 1907-08.

No. 10325-35—L. B. 350-06-4, DATED BANGALORE, 4TH MAY 1907.

ORDER THEREON.—The income of the Board is estimated at Rs. 91,526 against Rs. 84,388, the actuals of 1905-06, and Rs. 90,631, the sanctioned estimate for 1906-07.

2. *X. Contributions (a) from Municipalities.*—A sum of Rs. 600, being the quota payable by the Municipalities towards the cost of the additional establishment sanctioned (in Government Order No. 8333-44—L. B. 422-05-12, dated 16th March 1907) for Local Fund work in the District and Taluk Offices, will be added and the estimate under this head raised from Rs. 2,165 to Rs. 2,765.

3. *XI. Miscellaneous (6) Tax on vacant building sites and hittals.*—The income of Rs. 200, expected to be realised from this source will be transferred to the head "II. House Tax," in which it should be properly included.

4. *Opening balance.*—Deducting the sum of Rs. 5,000 sanctioned in Government Order No. 8045-7—L. B. 292-06-2, dated 12th March 1907, as an additional grant from the closing balance for 1906-07 on account of the Davangere-Sulikere road, the estimated opening balance for 1907-08 will be reduced from Rs. 22,928 to Rs. 17,928.

EXPENDITURE.

5. *A class public works (to be executed by Public Works Department agency).*—The provision of Rs. 5,800 made for the Davangere-Sulikere road is reduced to Rs. 800 as a sum of Rs. 5,000 has already been sanctioned for the work as above stated. In view to maintain the prescribed minimum closing balance, the provisions of Rs. 600 and Rs. 1,400 made under Reserve "I. Original Works" and "II. Repairs" are reduced to Rs. 200 and Rs. 400 respectively; and the reserve grants of Rs. 2,500 and Rs. 2,000 proposed under "B. Public Works: I. Original and II. Repairs" are also reduced to Rs. 1,250 and Rs. 1,000 respectively.

6. *B class public works (to be executed by Civil Department agency).*—The lump-sum provisions made for wells, roads and cattle pounds are retained, pending submission of detailed statements therefor.

7. *Establishments.*—The sum of Rs. 2,880 provided for meeting the pay of the Assistant Sanitary Inspectors, etc., is retained, pending the submission of a detailed list showing particulars such as their names, pay, taluks to which they are to be posted, etc.

8. *C. Civil charges: I. Office establishment.*—The provision of Rs. 1,657 made under this head is raised to Rs. 3,457 to meet the pay of the additional clerk recently sanctioned for each of the District and Taluk Offices. The sum of Rs. 100 provided for furniture should not be utilized until the necessity is fully explained and Government sanction obtained thereto.

9. *III. Hospitals and dispensaries.*—The variations in the marginally noted items have not been explained, nor is the necessity for the repetition of the provision of Rs. 200 for furniture stated. The provisions made for these and for the Vaidyasala at Holehonnur (Rs. 240) are, however, provisionally retained, pending explanation in regard to the first two items and a separate reference on the other.

	Provision for 1906-07	Provision for 1907-08
Nyamti Dispensary Compounder ..	One on Rs. 8—61	One on Rs. 15—120
Tirthahalli Dispensary Toti ..	One on Rs. 7—56	One on Rs. 6—48

10. *VI. Conservancy and sanitary charges.*—Though a new provision of Rs. 10 is made for contingencies for the Nagar Union, the same has not been taken into account in the total charges under this head. Therefore and as the item has not been sanctioned in due course, it is struck out.

11. *IX. Contributions.*—The sum of Rs. 2,640 proposed to be paid as contribution towards the Memorial Hall at Shimoga is provisionally retained pending orders on the separate reference stated to have been submitted in the matter.

12. The budget estimates for 1907-08 as now revised and sanctioned will stand as shown below:—

READ—

Letter No. 818, dated the 28th March 1907, from the President of the District Board of Tumkur, submitting the budget estimates of District Funds for the year 1907-08.

No. 10535-45—L. B. 347-06-7, DATED BANGALORE, 11TH MAY 1907.

RECEIPTS.

ORDER THEREON.—The income from all heads is estimated at Rs. 84,159 against Rs. 88,147, the actuals for 1905-06, and Rs. 79,811, the sanctioned estimate for 1906-07.

2. *Seventy-six per cent of one anna cess.*—The estimate under this head is reduced by Rs. 2,042, being 76 per cent of one anna cess on the estimated assets (Rs. 43,006) from supari,* since the halat on supari has been ordered to be abolished with effect from 1st July 1907.

* Supari—	Rs
Assets ...	43,006
Cess ...	2,688
Seventy-six per cent	2,042

3. *X. Contributions, (a) from Municipalities.*—A sum of Rs. 660 has been added under this head to meet one-third pay of the additional clerks sanctioned for each of the District and Taluk Offices.

EXPENDITURE.

4. *A. Public Works.*—The marginally noted increases occur in the provisions under "II Repairs." As item 1 is in accordance with Government Proceedings No. 7144-5—L. B. 257-06-3, dated the 15th February 1907, the same is allowed to stand with the observation that in such cases the authority under which the increased provision is made should invariably be cited in the remarks column of the budget statements. But as regards items Nos. 2 and 3 it is not clear why provision is made for maintaining 7¾ miles of road from Nadinavinpur to Amritur road when, according to the current year's budget, the length of the road is only 7 miles, or why increased mileage allotment is provided for the cart-track from Gulur to Honnudike. The increased provisions will be struck out, corresponding reduction being made under establishment.

	Miles	Rate	Amount	Miles	Rate	Amount
		Rs.	Rs.		Rs.	Rs.
1. Minor cart-track from Chikanayakanhalli to Hagalvadi	14½	50	712	22	50	1,100
2. Nadinavinpur-Amritur	7	50	350	7¾	50	388
3. Cart-track from Gulur to Honnudike road ..	6	30	180	6	50	300

5. *B. Public Works.*—The details for the provisions made under "Original Works," "Repairs" and "Establishment" should have been furnished. The omission should be supplied without further loss of time. The President's attention is invited to Government Proceedings No. 8030-7—L. B. 289-06-2, dated 12th March 1907, which directs that estimates for works to be included in the budget should be got ready before the necessary provisions therefor are made in the budget.

6. *C. Civil charges, I. Office Establishment.*—The increased provision under this head, which includes the pay of the additional clerk sanctioned for each of the District and Taluk Offices, will be retained, pending the receipt from the Comptroller of a statement showing the contribution payable by the Municipalities and District Boards towards the cost of establishments in the District Office as recently strengthened.

7. *III. Hospitals and Dispensaries and V. Third class travellers' bungalows and musafirkhanas.*—The necessity for the repetition of provisions for furniture under these heads not having been pointed out, the same will be disallowed. It should be explained whether a sum of Rs. 60 at Rs. 5 per mensem is required for contingent charges in each dispensary.

8. *IV. Midwives.*—The increased provision for the pay of twelve midwives against eleven for the year 1906-07 is retained on the understanding that the vacancy, as reported in para 4 of letter No. 646, dated 20th October 1906, from the District

Medical and Sanitary Officer, Tumkur, to the Senior Surgeon and Sanitary Commissioner, has been filled up. But if the vacancy has not been filled up, the President should report why the provision should not be reduced and made available for other purposes. The increase of Rs. 59 provided towards the travelling allowance of midwives is retained, pending further report as to the necessity therefor.

9. *IX. Contributions.*—As the contribution towards the School for Deaf Mutes at Mysore from District Funds has not as yet been sanctioned, the provision made therefor will be struck out.

10. *X. Miscellaneous.*—The increased provision made under this head on account of arrears of commission said to be due to pound-keepers, is retained, subject to submission of explanation as to the circumstances under which the payment of commission has been allowed to fall into arrears.

SECTION 2—MUNICIPAL

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 444, dated the 11th March 1907, from the President of the Municipalities in the Chitaldrug District, submitting with an explanatory memo the budget estimates of the Municipalities in the district for the year 1907-08.

No. 10442-47—ML. 441-06-2, DATED BANGALORE, 7TH MAY 1907.

ORDER THEREON.—*Receipts.*—The estimate of Rs. 1,500 under "VIII Rents" expected to be realized for the first time from the proposed levy on shandy days of fees on laden carts and bullocks in the Challakere Municipality, will be disallowed, as the matter is still under correspondence, but that of Rs. 50 on account of rents from the Chamraj Memorial Hall in Davangere will be allowed to stand; as also the new item of Rs. 10 under "X Miscellaneous: Notice and warrant fees" in the budget of Hiriyur, as it is based on the actuals of the first half and the probable collections of the latter half of the year 1906-07.

EXPENDITURE.

2. *I. Interest on debt, and XI. Miscellaneous (a) Repayment of loan.*—The loan granted to Harihar having been fully paid up, no provision has been made under these heads in the budget of that Municipality, while that of Chitaldrug provides for sums due in respect of the loan granted for the sanitary improvements of the town but not for the repayment of the loan granted for the water-works. This is irregular. Due provision to the extent of Rs. 5,368 for the repayment of loan with interest should have been made as already ordered in Government Order No. 5248-57—Ml. 206-06-2, dated 18th December 1906. The question is, however, being dealt with separately.

3. *II. Head office.*—To provide for the moiety of the pay and pensionary charges of the additional clerk on Rs. 15 recently sanctioned for the President's office, the provisions under this head will be altered as shown below, pending the receipt from the Comptroller, of a statement showing the exact amount payable by each Municipality:—

Municipality	As proposed		As sanctioned		Increase	
	Pay	Pension	Pay	Pension	Pay	Pension
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Chitaldrug	197	22	220	25	23	3
Davangere	288	32	322	36	34	4
Harihar	83	9	93	10	10	1
Holalkere	43	5	48	6	5	1
Hosdurga	30	3	34	3	4	...
Hiriyur	26	3	29	3	3	...
Challakere	27	3	30	3	3	...
Molakalmuru	31	4	35	4	4	...
Jagalur	37	4	41	5	4	1
Total ...	762	85	852	95	90	10

The proportion in which the Taluk clerks' pay should be debited between District and Municipal Funds not having yet been settled, no increase is provided for this purpose in the Municipal budgets, but the Municipalities should be prepared to meet this expenditure during the year by reappropriation of the grants sanctioned for other purposes.

4. *III. Collection.*—The right to levy tolls in Davangere having been leased out, no provision is made for the toll-gate charges in the budget of this Municipality. The budget of Harihar provides for the increase of pay of the four toll-gate keepers from Rs. 6 to Rs. 8 each per mensem. As the present toll-gate charges are already heavy, being 24 * per cent of the estimated receipts from tolls and the closing balance of the Municipality falls short of the prescribed minimum, the proposed increase will be struck out and the President requested to report why tolls in Harihar should not also be leased out on contract as in Davangere.

* Estimated receipts from tolls=Rs 1,200. Present establishment 4 at 6=Rs. 288.

5. *IV. Conservancy.*—The undermentioned variations occur in the estimates proposed under this head:—

Municipalities	1907-08	1906-07
1. Davangere ...	1 Sanitary Inspector on Rs. 30-2-40+10 = 504	1 Overseer on Rs 15 = 180
2. Do ...	4 peons at Rs. 6 = 288 8 scavengers at Rs. 8 = 768	1 Dafadar at Rs. 8 = 96 2 Peons at Rs. 5 = 120 1 Peon at Rs. 6 = 72 3 Scavengers at Rs. 8 = 288
3. Molakalmuru ...	1 mutsaddi at Rs 8 = 96	1 Peon at Rs.7 = 84
4. Hiriyur	Hire of carts 1 at 14 = 168 Arrears of do 24	Hire of carts 1 at Rs. 12 = 144

6. Of these, item No. (1) having already been sanctioned,* the provision will be left undisturbed. But as no provision has been made for the moiety of the pay of the Assistant Sanitary Inspector of Harihar, the estimates under this head will be raised by Rs. $\frac{20+10}{2} \times 12$ or Rs. 180; and the provision of Rs. 70 made under VIII Public Works (*a*) Supervision will be omitted, as the Assistant Sanitary Inspector supervises public works also. The retention of the dafadar on Rs. 7 per mensem in Harihar after the appointment of the Assistant Sanitary Inspector seems unnecessary, and the President is requested to report why the services of the dafadar should not be dispensed with.

* Government Order No. 7445-7—San. 120-06-4, dated 1st March 1907.

The necessity for the other variations having been fully explained, the excess provision made therefor will, as a special case, be allowed to stand, so as not to affect the sanctioned scales and pending the issue of final orders on the separate communications to be submitted in regard to each (though, under standing orders, such provisions not previously sanctioned by Government are inadmissible). The necessity for the payment of arrears of cart-hire (Rs. 24) in the Hiriyur Municipality requires explanation.

7. As the recommendation for the increase of pay of the conservancy mutsaddi of Hiriyur from Rs. 8 to Rs. 10 has not been renewed as required in Government Order No. 2243—Ml. 142-05-2, dated the 1st September 1905, the increased provision of Rs. 120 tentatively retained in the budget of the year 1906-07, will be reduced to Rs. 96.

8. *VIII. Public works.*—The provision of Rs. 150 made in the budget of Challakere for "Roads, original" will be struck out for want of funds, corresponding reduction of Rs. 15, being made under (*a*) Supervision.

9. *IX. Charitable grants.*—As regards the President's remark that owing to the non-receipt of details from the Senior Surgeon, the sanctioned estimates for the year 1906-07 have been repeated in the present budgets, the Senior Surgeon will be requested to see that detailed information is furnished in time to the Presidents in future. As, however, the Municipalities of Hiriyur and Challakere contribute no part of the Dispensary charges, the estimates of Rs. 20 each in the budgets of these Municipalities will be struck out.

10. *XI. Miscellaneous.*—The new provision of Rs. 72 in the budget of Davangere for the pay of the care-taker of the Town Hall and the omission of the provision for the care-taker of the Town Hall at Chitaldrug since transferred to the charge of the District Board, are approved.

11. The budget estimates as above revised and sanctioned are detailed in the annexed statement, of which the following is an abstract :—

READ—

Letter No. 244, dated the 27th March 1907, from the President of the Bangalore City Municipal Commission, submitting the budget estimates of the Bangalore City Municipality for the year 1907-08.

No. 10546-51—ML. 342-06, DATED BANGALORE, 11TH MAY 1907.

ORDER THEREON.—*Receipts.* The income under all heads for the year 1907-08 is estimated at Rs. 3,41,219 against Rs. 2,96,987 the actuals of 1905-06 and Rs. 3,22,269 the sanctioned estimates for 1906-07.

2. The present budget provides under contribution a moiety of the additional provision on account of diet and contingent charges of cholera patients who may be admitted into the Epidemic Diseases Hospital, Bangalore, in accordance with Government Proceedings No. 2954-6—Ml. 74-06-6, dated the 19th October 1906, and a grant-in-aid of Rs. 1,320 to Municipal Middle Schools in accordance with Government Order No. 140-2—Ml. 270-05, dated the 7th July 1906.

3. The proposed increases in the sanctioned estimates for 1906-07 are fully explained, but the decrease as compared with the actuals of 1905-06, under all items except "lighting tax" (where there is an increase owing to the levy of tax on shops in accordance with Government Order No. 4647-8—L. F. 37-99, dated the 28th May 1904) should have been explained also.

4. The estimate of Rs. 1,00,000 on account of special sanitary works entered under both receipts and expenditure will be omitted from the present budget as its proper place is in the Public Works budget.

EXPENDITURE.

5. *II. Head office charges.*—The provision made for the allowance of the President at Rs. 150 a month is in accordance with Government Order No. 12682-4—Ml. 588-05-1, dated 11th June 1906, but the increase of Rs. 325 shown under "clothing" which will be allowed to stand should not be utilized without previous sanction of Government.

6. *IV. Conservancy*—The provisions newly made for salaries of additional hands and increments to the certificated Sanitary Inspectors sanctioned in Government Proceedings No. 4870-8—Ml. 4-06-19, dated the 8th December 1906, and No. 7813-14—55-06-10, dated the 7th March 1907, account for the increase under this head. As the pay of the two qualified Sanitary Inspectors on 1st July 1907 is only Rs. 30 + 10 per mensem, the provision therefor will be reduced to Rs. 960.

7. *VII. Lighting.*—The increase of Rs. 1,000 proposed under this head to provide additional lamps for the Extensions and parts of the City itself which do not admit of electric lighting is passed.

8. *VIII. Public works.*—The present budget provides for the cycle allowance of Rs. 10 per mensem sanctioned to the store-keeper in accordance with Government Order No. 362-3—Ml. 507-05-6, dated the 14th September 1906. It is not understood why no provision is made for the repairs of roads in the Malleswaram and Basavangudi Extensions as per orders contained in Government Proceedings No. 8815-16—Ml. 384-05-2, dated the 27th February 1906. Pending receipt of definite proposals from the President a lump sum provision of Rs. 4,000 will be made in this office.

9. *IX. Charitable grants.*—The increase of Rs. 580 provided on account of the cost of diet of cholera patients of the Epidemic Diseases Hospital, sanctioned in Government Order No. 2954-6—Ml. 74-06-6, dated 19th October 1906, and that of Rs. 156 on account of additional establishment to the Home for Incurable Paupers, sanctioned in Government Proceedings No. 7653-4—Ml. 333-06-2, dated the 6th March 1907, are allowed to stand but the increase of Rs. 344 provided for dieting and clothing of the patients of the latter institution which has not been sanctioned by Government should not have been entered in the budget. This will, however, be provisionally retained, pending submission of a separate reference and orders of Government thereon.

10. *X. Education.*—The increase of Rs. 1,320 provided for the Kannada Boys' School and the Chamarajpet Anglo-Vernacular School is only nominal, as the corresponding amount is shown as contribution from the Education budget on the side of receipts.

11. *XI. Miscellaneous.*—Though the increase of Rs. 1,000 proposed by the President in the draft budget on account of law charges was disallowed by the Municipal Council on the ground that the sum provided was excessive, the President explains that the increased provision is necessary as suits have to be filed for collecting taxes from the defaulters living outside the Municipal limits and the expenditure already incurred exceeded the budget provision. As it is undesirable to overrule the Board's resolution in this matter, all cases, in which suits have to be filed in Civil Courts, should be placed before the Board and Government sanction obtained for additional funds if found necessary in the course of the year. The chances should be that the expenses of such suits will be recouped by the Court's award of costs. Government are disposed to agree with the Board in deprecating resort to Civil Courts for recovery of Municipal Revenue except in extreme cases and are of opinion that, if the Collectors of Municipal Taxes be on the alert and do their duty with anything like the promptitude and efficiency which characterises the proceedings of the Municipal Revenue Executive elsewhere, the need for resort to Civil suits would be rare indeed.

12. The budget estimates as above revised and sanctioned are as shown in the detailed statements appended, of which an abstract is given below :—

READ—

Letter No. D. F. 169, dated the 16th March 1907, from the President of the Municipalities in the Bangalore District, submitting the budget estimates of the Municipalities in the district for the year 1907-08.

No. 10674-9—ML. 442-06-2, DATED BANGALORE, 15TH MAY 1907.

RECEIPTS.

ORDER THEREON.—*I. Octroi.*—No estimate is entered under betel leaves in the budget of Dodballapur against Rs. 3, sanctioned for 1906-07 and Rs. 5, the actuals for 1905-06. The cause of the decrease should be explained and the item recommended to be deleted from the list of dutiable articles, if the income therefrom cannot be improved by taking steps to prevent any smuggling of the article.

2. An income of Rs. 650 is newly expected from slaughter house fees proposed to be levied on bullocks in the Channapatna Municipality, but as the income can be realised only after the construction of the slaughter house, for which a provision of Rs. 800 is made on the expenditure side, the increase will be disallowed. Should the building in question be completed before the end of the next official year, an application may be made for permission to impose fees.

3. *III. (b) Other license receipts.*—The provisions of Rs. 90 and 2 made under this head in the budgets of Anekal and Kankanhalli represent the income expected from licenses to sell game and fish and are allowed to stand as they are justified by the actuals of the previous year.

4. *XI. Miscellaneous.*—The estimate of Rs. 320 entered in the budget of the Dodballapur Municipality under 'Advances recoverable' will be disallowed as the item is one of 'public debt' and of the nature of suspense but not a source of Municipal revenue.

The omission of the provision under "Sale of manure" against Rs. 30 sanctioned for 1906-07 and Rs. 85, the actuals of 1905-06, in the budget of Closepet, is stated to be due to the fact that the removal of the sweepings in the town has been leased out on contract at a rate less than that allowed in the previous year on condition of removing the manure free of cost. But it is observed that this does not account for the total absence of provision under this head. The amount realised from the lease in 1906-07 and previous years as well as that expected during the year 1907-08 should be intimated with an explanation as to why increased provision is made under IV. Conservancy on the side of expenditure for the hire of carts, when the removal of sweepings is leased out on contract.

5. *Opening balance.*—The estimates under this head have not been correctly calculated with reference to the actual balance on the 1st July 1906 and the sanctioned estimates of income and expenditure for the year 1906-07. They will therefore be altered as shown in the abstract statement appended to para 11 *infra*.

EXPENDITURE.

6. *II. Head office.*—The new provisions amounting to * Rs. 100 stated to have been entered in accordance with the instructions of the Comptroller on account of the stationery and contingent charges of the President's Office are approved. To provide for the increased contribution payable for the pay and pensionary charges of the additional clerk on Rs. 15 per mensem sanctioned for the President's Office, the estimates under this head will,

	Rs.
1. Contingencies	40
2. Stationery charges for two years 1905-06 & 1907-08 ...	60
Total ..	100

pending the receipt from the Comptroller of a statement showing the exact amount payable by each Municipality, be altered as shown below :—

Municipality	As proposed		As sanctioned		Increase	
	Pay	Pension	Pay	Pension	Pay	Pension
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Hoskôte	36	4	40	4	4	0
Dodballapur	54	6	60	7	6	1
Nelamangala	31	3	35	1	4	1
Tyamagondlu	42	5	47	5	5	0
Kankanhalli	32	4	36	4	4	0
Magadi	41	5	46	5	5	0
Closepet	49	5	55	6	6	1
Channapatna	68	8	76	9	8	1
Anekal	60	7	67	7	7	0
Sarjapur	22	2	24	3	2	1
Devanhalli	48	5	54	6	6	1
Vadigenhalli	25	3	28	3	3	0
Total ...	508	57	568	63	60	6

The proportion in which the pay of the additional clerk sanctioned for each taluk has to be debited between Municipal and District Funds, not having been settled, the President should be prepared to meet the additional charge should any accrue on this account by a reappropriation of grants sanctioned for other purposes.

7. *III. Collection.*—As the commission on octroi collections in Closepet is estimated at 12½ per cent, the President is requested to explain why the rate should not be reduced to 5 per cent as in the case of other Municipalities or a separate establishment maintained for the collection of Octroi and House and Mohatarfa taxes as the 5 per cent commission on the income from these taxes amounts to about Rs. 190, which is enough to meet the cost of such establishment.

Items.	Actuals of 1905-06	Probable for 1906-07	Estimate for 1907 08
	Rs.	Rs.	Rs.
Octroi	1,156	1,339	1,195
House tax ...	1,320	1,420	1,450
Mohatarfa ...	1,006	1,224	1,116
Total ...	3,482	3,983	3,761
Commission at 5 per cent only ...	174	199	188

8. *IV. Conservancy.*—The following variations proposed in the estimates under this head are reported to be very necessary :—

Municipality	1907-08	1906-07	Difference
1. Magadi	Hire of carts 2 @ 2 = 48	2 @ 4 = 96	— 48
2. Closepet	" 2 @ 15 = 360	3 @ 12 = 432	— 72
3. Anekal	Sweepers 7 @ 6 = 504	1 @ 6 = 72	
	" 8 @ 6 = 480	6 @ 5½ = 396	+ 84
		8 @ 4½ = 432	
4. Vadigenhalli	Peon 1 @ 6 = 72	.....	+ 72
5. Channapatna	Scavengers for slaughter house 2 @ 5 = 120	.....	+ 120

Items Nos. (1) and (2) resulting in a saving of Rs. 120 are approved but the necessity for the increased rate of cart hire in Closepet should be explained with reference to the additional information called for in para 4 *supra*. The other items involve the alteration of sanctioned scales, and their inclusion in the budget cannot be pemitted in the absence of the previous sanction of Government. But, in view to avoid unnecessary correspondence and inconvenience involved in proposing additional grants or reappropriations for incurring the additional expenditure under conservancy when sanctioned, the proposed increases in the estimates will, as a special case, be retained in the budgets of the Municipalities concerned so as not to affect the existing scale.

The provision for tank watchers made under this head in the budgets of Anekal and Channapatna will be transferred to the proper head "Water maintenance" under XI Miscellaneous, wherein provisions in future budgets should be made. It should be explained how the annual provision of Rs. 5 made for rewards to sweepers in the budgets of the Devanhalli and Vadigenhalli Municipalities alone is being utilized and why it should not be struck out.

9. *IX. Charitable grants.*—The provisions made under this head in accordance with the instructions of the Senior Surgeon and the Executive Engineer as well as the new estimates under "Vaidyasalas" in the budget of Vadigenhalli, which is in accordance with Government Order No. 11807-9—L. B. 424-05-2, dated 15th May 1906, are approved.

10. *XI. Miscellaneous.*—The provision for the pay of the mechanic in charge of the Noreg pump at Closept is proposed to be raised from Rs. 120 to Rs. 144 without assigning any reason therefor as already observed in para 10 of the order sanctioning the budget estimates for the year 1906-07. The increase will be disallowed and the provision reduced to Rs. 120.

11. The estimates as now revised and sanctioned are shown in the annexed statement, of which the following is an abstract:—

12. It is observed that the closing balances in all the Municipalities except Magadi, Sarjapur, Devanhalli and Vadigenhalli will be less than the prescribed minima, and that the Kankanhalli Municipality will have a minus balance of Rs. 314 at the end of the year. This is objectionable. The President is requested to effect savings in the sanctioned allotments to enable the Kankanhalli Municipality to wipe off the minus balance against it and the other Municipalities to maintain the prescribed minimum unless the actual balances in their favour at the end of the year should be more than the opening balances adopted in the present budgets.

READ—

Letter No. Camp A., dated the 13th April 1907, from the President of the Municipalities in the Kadur District, submitting the budget estimates of all the Municipalities in the district, except Sringeri, for the year 1907-08.

No. 10386-91—ML. 446-06-4, DATED BANGALORE, 21ST MAY 1907.

RECEIPTS.

ORDER THEREON.—I. *Octroi and VIII. Rents.*—The new estimates of Rs. 15, proposed under "Betel-leaves" and of Rs. 180 under "Market fees" in the budget of the Birur Municipality will be struck out for want of the necessary sanction.

2. *Opening balance.*—The estimates under this head have not been based on the actual balance on 1st July 1906, and the sanctioned estimates of income and expenditure for 1906-07. The same will therefore be modified as shown in para 12 *infra.*

EXPENDITURE.

3. *II. (a). President's office.*—The increased contribution payable on account of the additional clerk sanctioned for the President's office from the 1st July 1907, not having been provided for, the provisions under this head in the several budgets will be modified as shown below:—

No.	Municipalities	As proposed		Increase to be provided		As sanctioned	
		Pay	Pension	Pay	Pension	Pay	Pension
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1	Chikmagalur ...	382	42	45	5	427	47
2	Tarikere ...	177	20	21	2	198	22
3	Kadur ...	63	7	8	1	71	8
4	Birur ..	79	9	9	1	88	10
5	Yedahalli ..	21	2	2	1	23	3
6	Koppa ..	5	1	1	...	6	1
7	Mudgere ..	35	4	4	...	39	4
	Total ..	762	85	90	10	852	95

4. *II. (b). Vice-President's office.*—In the budget of the Chikmagalur Municipality, provision is made for the pay of an additional clerk on Rs. 10, and for an increase of Rs. 5 to the existing clerk on Rs. 15. As the question of the revision of establishment was, in Government Order No. 12218-30—Ml. 484-05-6, dated the 28th May 1906, ordered to be deferred till the promulgation of the new Municipal Regulations, the excess provision will be retained subject to final sanction and will be shown under a special sub-head so as not to affect the existing sanctioned scale of establishment. The rate of pay of the clerk at Tarikere being only Rs. 12 per mensem, the provision of Rs. 156 made therefor will be reduced to Rs. 144. The estimates of Rs. 50 and Rs. 10 repeated in the budgets of the Chikmagalur and Koppa Municipalities, respectively, for purchase of furniture, will be disallowed as no explanation has been furnished for their repetition in the present budgets.

5. *III. Collection (a) Octroi.*—The necessity for the repetition of the provision of Rs. 100 in the budget of Chikmagalur for miscellaneous expenses in addition to Rs. 96 for contingencies, requires explanation, pending which the provision will not be disturbed. The provision made for the pay of the temporary kolkar at Birur on Rs. 6 a month will be retained, but should not be utilized without the separate sanction of Government.

6. *IV. Conservancy.*—The pay of three sweepers in Mudgere is proposed to be raised from Rs. 5 to Rs. 6 each without any explanation as to the necessity therefor; the increase will be disallowed, as the budget is not the place for recommending increase of salaries. The excess provision of Rs. 216 made in the budget of Chikmagalur for increase of the hire for six carts from Rs. 17 to Rs. 20 each will be allowed to stand but should not be utilized without the special sanction of Government on a separate reference which should be submitted fully explaining the need therefor.

7. *VII. Lighting.*—The provision newly entered in the budget of Yedahalli for lighting four lamps is allowed as also the provisions made in the budgets of Koppa and Mudgere for lighting additional lamps.

8. *VIII. Public Works.*—The details of works with the estimated cost of each have not been furnished in Budget Form II for all but the Chikmagalur and Koppa Municipalities. This is irregular. The President is requested to enjoin strict observance of the instructions issued for the preparation of the budget statements.

To avoid minus balances against the Municipalities of Birur and Yedahalli, the provision under this head will be reduced as shown below :—

Items	Birur		Yedahalli	
	As proposed	As sanctioned	As proposed	As sanctioned
	Rs.	Rs.	Rs.	Rs.
Roads, original	50	...	.	...
Water-supply	100	...	..	...
Buildings, original	100	59	..	...
Other works, repairs	..	..	25	13
Total reduction ..	...	191	..	12

9. *IX. Charitable grants.*—In the budget of the Chikmagalur Municipality the usual provision for the maintenance of the dispensaries is omitted, and a sum of Rs. 583 entered in accordance with the Executive Engineer's requisition for repairs of dispensaries. To meet the former item, the provision will be raised by Rs. 768. The necessity for the provisions of Rs. 11 and Rs. 12 for furniture in Birur and Tarikere not having been explained, the items will be disallowed.

The quota of charges on account of Vaidyasalas payable by the Municipalities of Chikmagalur, Tarikere and Birur being Rs. 20, 25 and 25 respectively, the excess amounts provided therefor are inadmissible, but will however be retained pending explanation as to the necessity therefor. The new provision of Rs. 60 made for the pay of the sweeper of the Mahomedan musafirkhana at Chikmagalur at Rs. 5 a month, the necessity for which has not been explained, will be disallowed. It is not clear why provision has been made for the pay of the temporary vaccinator* of Chikmagalur for the whole year (1907-08), while his employment for a period of one year only was sanctioned in Government Order No. 766-8—Ml. 558-05-2, dated the 24th July 1906. If the retention of the vaccinator during the whole of the year (1907-08) is necessary, a separate reference should be made and sanction of Government obtained therefor.

2. Chikmagalur...	296	296
3. Birur ..	320	370

* Entertained from 2nd August 1906.

10. *XI. Miscellaneous.*—The pay of the fitter employed in the Kadur Municipality is proposed to be reduced from Rs. 15 to Rs. 5 per mensem. This is approved and the reduced provision passed.

The estimated income from the pounds is shown in the budget of the Mudgere Municipality as Rs. 110, while the expenditure proposed, including increase of Re. 1 for the pound-keeper, exceeds this sum by Rs. 34. The increase provided is disallowed and the President is requested to report why the services of the special pound-keeper or peon should not be dispensed with and commission at 20 per cent paid to the patel of the village.

READ—

1. Letter No. 649—S., dated the 10th March 1907, from the President of the Municipalities in the Hassan District, submitting the budget estimates of the Municipalities in the district for the year 1907-08.

2. Letter No. 716—S., dated the 6th April 1907, from the same officer stating that the discrepancies observed in this office docket No. 8919—Ml. 438-06-2, dated the 27th March 1907, have been duly noted and rectified, and furnishing certain additional information therein called for.

No. 10972-7—ML. 438-06-4, DATED BANGALORE, 25TH MAY 1907.

ORDER THEREON.—*I. Octroi.*—An estimate of Rs. 150 is for the first time entered under this head in the budget of Saklespur against "Sheep and goats" in regard to which the submission of a separate reference is promised. But as the inclusion of estimates on account of items not previously sanctioned by Government is opposed to budget rules, the provision will be struck out.

2. *Opening balance.*—The estimates under this head are stated to have been based on the actual balance on the 1st July 1906 and the difference between sanctioned income and expenditure for the year 1906-07. But the figures given by the President do not correspond with those worked out in this office. The estimates will therefore be modified as shown below :—

Municipalities	Opening Municipal balance on 1st July 1906	Receipts for 1906-07	Total	Expenditure for 1906-07	Opening balance for 1907-08 as now sanctioned
	Rs.	Rs.	Rs.	Rs.	Rs.

Hole-Narsipur	1,187	3,560	4,747	3,890	857
Total ...	36,712	31,891	68,603	41,037	27,566

EXPENDITURE.

3. *II (a) President's office.*—The estimates under this head will be modified as shown below in order to make due provision for the contribution payable for the contingent, printing and stationery charges, as also for the pay and pensionary charges of the additional clerk sanctioned for the President's office from the 1st July 1907.

Municipalities	As proposed	As now sanctioned				
		Pay	Pension	Stationery and printing charges	Contingencies	Total
	Rs	Rs.	Rs.	Rs	Rs.	Rs.
Hassan	222	224	25	14	11	274
Alur	37	37	4	3	2	46
Saklespur	58	58	7	4	3	72
Belur	58	58	7	4	3	72
Arsikere	33	33	3	3	2	41
Channarayapatna	28	28	3	3	2	36
Arkalgud	56	56	6	4	3	69
Hole-Narsipur	73	71	8	5	4	91
Total .	565	568	63	40	30	701

In future budgets, a sum based on the average of the actual expenditure of three years on account of travelling allowance, contingencies and printing and stationery charges, should be provided and distributed among all the Municipalities in the district in proportion to their income.

4. *II. (b) Vice-President's office.*—The proportion in which the pay of the additional clerks recently sanctioned for the Local Fund work in the taluks should be debited to Municipal and District Funds, not being yet settled, the President should be prepared to meet the additional expenditure in this behalf by reappropriation of grants sanctioned for other purposes. The estimate of Rs. 60 repeated in the budget of Hassan for the purchase of furniture will be struck out, as no explanation has been furnished as to the necessity therefor.

5. *III. Collection, (b) House and Mohatarfa taxes.*—The President's explanation that the provision of Rs. 91 made in excess of the usual estimate of Rs. 69 under the sub-head "Commission" in the budget of Channarayapatna is required for payment of arrears, if any, in case the commission for the year 1906-07 be not paid during that year, cannot be accepted, as payments falling due in a year should be made before the close of that year. The excess will therefore be disallowed.

6. *VIII. Public Works.*—The necessity for a separate provision under "(a) Supervision charges" in the budget of Hassan, while the Municipality maintains an overseer on Rs. 40 plus 10, requires explanation, pending which the provision will be allowed to stand; but, for want of funds, the provisions under this head in the budgets of this town and Hole-Narsipur will be modified as shown below :—

7. *IX. Charitable grants.*—The estimates under this head are said to have been based on the information furnished by the Senior Surgeon. But, as the finances of the Hole-Narsipur Municipality are not in a satisfactory condition, the provision of Rs. 100 repeated in the budget of the Municipality for repairs to Dispensaries will be disallowed. The new provision of Rs. 200 made in the budget of Hassan on account of contribution to the Wesleyan Mission Female Dispensary will be retained pending the issue of final orders on the subject, but will be transferred to the proper head "V. Contributions."

8. The budget estimates as above revised are sanctioned as shown in the following abstract statement, of which the details are appended:—

READ—

Letter No. 818—138, dated the 16—30th March 1907, from the President of the Municipalities in the Shimoga District, submitting the budget estimates of the Municipalities in the district for the year 1907-08.

No. 11077-82—ML. 447-06-2, DATED BANGALORE, 27TH MAY 1907.

RECEIPTS.

ORDER THEREON.—*VI. Tolls.*—The large increase expected under this head in the budget of the Shimoga Municipality should have been explained. The estimate, which is based on the probable collections for 1906-07, is, however, approved.

	Rs.
Estimate for 1906-07 ...	6,500
Probable collections for 1906-07 ...	9,000
Estimate for 1907-08 ...	9,000

2. *Opening balance.*—The actual closing balance on the 30th June 1906 has been entered as the opening balance for the year 1907-08. This is incorrect. The estimates should be arrived at by adding together the actual balance on the 1st July 1906 and the estimated income for the year 1906-07 and subtracting from the total the estimated expenditure for the year 1906-07. The estimates will be modified accordingly.

EXPENDITURE.

3. *II. Head office.*—No provisions have been made in the present budgets for the excess contribution payable towards the pay and pensionary charges of the additional clerk recently sanctioned for the President's office, while the entire cost of the contribution payable from the Municipal Funds on account of the contingent and stationery charges of the President's office, is proposed to be debited to the funds of the Shimoga Municipality instead of the same being distributed amongst all the Municipalities in the district. The estimates will therefore be modified as shown below :—

Municipalities	As proposed				As sanctioned			
	Pay	Pension	Contingencies	Stationery	Pay	Pension	Contingencies	Stationery
	Rs	Rs.	Rs.	Rs.	Rs.	Rs.	Rs	Rs.
Shimoga	232	26	110	50	260	28	55	25
Kumsi	17	2	.....	.....	19	2	2	2
Channagiri	42	5	.....	.....	47	5	4	3
Honnali	27	3	.....	.....	30	3	6	2
Nyamti	34	4	.....	.....	38	4	8	3
Shikarpur	45	5	.....	.....	50	6	9	3
Sorab	20	2	.....	.....	22	2	5	1
Sagar	52	6	.....	.....	58	7	12	5
Kallurkatte	9	1	.....	.....	10	1	3	1
Tirthahalli	30	3	.....	.....	34	4	6	3
Total ...	508	57	110	50	568	63	110	50

As the proportion in which the pay of the clerks recently sanctioned for the Local Fund work in the taluks, should be debited to the Municipal and District Funds, has not yet been settled, no provision is made therefor in the present budgets. But the President should be prepared to meet the additional expenditure by a re-appropriation from the grants sanctioned for other purposes.

4. *III. Collection (a) Octroi.*—The Municipal Board of Sagar provide for the continuance of the usual allowance of Rs. 2 per mensem to the Sayer manegar for the collection of Octroi. But as the Sayer establishment will be dispensed with from the 1st July 1907, the President is requested to state what arrangements will be made for the collection of Octroi in Sagar. It should also be explained how and by whom Octroi duty is being collected in the Municipalities of Channagiri, Honnali, Nymati, Shikarpur, Kallurkatte and Sorab, as the budgets of these Municipalities make no provision for the payment of commission on the Octroi collections.

III. (b) House and Mohatarfa taxes.—The budgets of Kumsi and Sorab provide Rs. 100 each for the payment of allowance to the village servants, while the commission (at Rs. 5 per cent) payable on the estimated income from house and mohatarfa taxes is only Rs. 53 and Rs. 54 respectively. The excess will be disallowed as the necessity therefor has not been explained.

5. *IV. Conservancy.*—The budget of Shimoga provides for a Sanitary Inspector on Rs. 40 + 10 in addition to the existing Overseer on Rs. 25 + 10. The provision will be retained under a special head subject to the issue of final orders on the President's letter No. 701-116, dated 26th January 1907. The financial condition of the Municipality is not, however, satisfactory.

In budget form III of the Shikarpur Municipality, the provision for the mutsaldi at Rs. 8 and 4 nirgantis at Rs. 3 each has been erroneously omitted, but the totals include these two items also. This shows that no attention is paid to the correct preparation of these important statements.

6. *V. Contribution.*—The provision of Rs. 1,320 made in the budget of Shimoga for payment of contribution to the Chamraj Memorial Hall, will be struck out for want of Government sanction in the usual course.

7. *VIII. Public works.*—The estimates proposed under this head will be modified as shown below in view to avoid minus balances in the Nyamti and Shikarpur Municipalities and to enable these as well as the Sorab Municipality to maintain the prescribed minimum balance, *viz.*, one-fourth of the estimated income:—

Budget heads	Sorab		Nyamti		Shikarpur

Total reduction ...	220		1,100		2,000	

8. *IX. Charitable grants.*—The estimate of Rs. 36, erroneously shown under "House rent to dispensary" in the budget of Nyamti, will be transferred to the proper head "Repairs to dispensary buildings."

9. *XI. Miscellaneous.*—The new estimate of Rs. 72, entered in the budget of Shimoga for the pay of the sweeper proposed to be entertained for the Chamraj Memorial Hall, will be struck out as the sanction of Government has not been obtained for the appointment and the President's letter No. 857—147, dated the 27th March 1907, referred to in Budget Form III, has not yet been received in this office.

10. The estimates as above revised are sanctioned as shown in the following abstract statement, of which the details are also appended at the end:—

11. Notwithstanding the delay of one month in the submission of the budgets, the statements (No. II) have not been correctly prepared inasmuch as only lump sums have been entered for works as in budget form No. I instead of giving details therefor. The attention of the President is invited to para 3 of Government Order No. 8030-7—L. B. 289-06-2, dated the 12th March 1907, and he is requested to see that the estimate for each work is got ready before provisions are made therefor in the budgets.

12. Again, in the budget forms (No. I) the figures showing the totals, the opening and closing balances, both on the side of receipts and expenditure, have not been inserted in the respective columns except the "Estimate for 1907-08." It is evident that the budget could have been prepared better.

READ—

Letter No. 1356—1201, dated the 2nd—6th April 1907, from the President of the Municipalities in the Kolar District, submitting the budget estimates of the Municipalities in the district for the year 1907-08.

No. 11083-8—ML. 444-06-4, DATED BANGALORE, 27TH MAY 1907.

ORDER THEREON.—*I. Octroi and VIII. Rents.*—The estimates of Rs. 2,000 under "Cloths" and of Rs. 6,000 under "Rents" in the budget of Bowringpet appear excessive and will be reduced to Rs. 1,000 and Rs. 5,000 respectively, being about the average of the actuals (Rs. 1,014 and Rs. 4,944) for 1905-06 and of the probable receipts (Rs. 986 and Rs. 4,566) during the year 1906-07, while the new estimates of Rs. 700 expected from slaughter-house fees in Bowringpet will be struck out, as no sanction appears to have been obtained for the levy of the fees and no authority has been cited for this entry against the item in the column of remarks. If necessary, the President will be good enough to make a separate reference to Government.

2. *Opening balance.*—The estimate under this head in the budget of Kolar will be raised by Rs. 2,000, as the provision made in the budget of 1906-07, for the repayment of the loan granted for the water-supply project of the town, will not be utilized during the year, owing to the balance of the loan having since been remitted by Government.

	Rs.
Budget provision—	
Interest	1,490
Principal	2,432
Total ...	3,922
Required provision—	
Principal	500
Interest	90
Total ...	590

	Rs.
Amount of lapse is ...	3,332
Amount allowed for reappropriations during 1906-07 ...	1,332
Total amount estimated to remain unutilized during 1906-07 ...	2,000

EXPENDITURE.

3. *II. Head office.*—To provide for the increased contribution payable towards the pay and pensionary charges of the additional clerk recently sanctioned for the President's office, the estimates proposed under this head will be modified as shown below :—

Municipality	As proposed		As modified	
	Pay	Pension	Pay	Pension
	Rs.	Rs.	Rs.	Rs.
Kolar	103	12	115	13
Bowringpet	55	6	62	7
Chintamani	79	9	88	10
Srinivaspur	15	2	17	2
Mulbagal	36	4	40	4
Sidlaghatta	50	6	56	6
Chikballapur	109	12	122	14
Bagepalli	9	1	10	1
Gudibanda	11	1	12	1
Goribidnur	19	2	21	2
Malur	22	2	25	3
Total ..	508	57	568	63

As the proportion in which the pay of the clerks recently sanctioned for Local Fund work in taluks should be debited to the Municipal and District Funds, has not yet been settled, the President should be prepared to meet the additional charge on this account by a reappropriation of the grants sanctioned for other purposes.

4. *IV. Conservancy.*—The provision for the salaries of the Sanitary and Assistant Sanitary Inspectors of the Kolar, Bowringpet, Chintamani, Sidlaghatta and Chikballapur Municipalities, has been calculated on the maximum pay of the appointments, while under the budget rules, the estimates should be based on the actual pay of the incumbents on the 1st July 1907. Pending information, however, as to the actual pay drawn by each of the Inspectors, the provisions are retained, but care should be taken to avoid the mistake in future budgets.

A new provision of Rs. 30 has been made on account of travelling allowance for the Sanitary Inspector of Chintamani attending the Court at Kolar in connection with sanitary cases, and a sum of Rs. 300 is repeated in each of the budgets of Bowringpet

and Chikballapur for "Repairs to carts and dust-bins" without explaining the necessity therefor. The latter will be struck off and the former retained, pending detailed information in the matter.

5. *VII. Lighting, VIII. Public Works and XI. Miscellaneous.*—It is not explained why in the marginally noted Municipalities, where lighting is managed on the contract system, provision has been made for "Purchase of oil and wick." These excess provisions under "VII. Lighting" will therefore be disallowed; and owing to the insufficiency of funds, the provisions in the budgets of Mulbagal and Bagepalli will also be reduced as shown below:—

	Rs.
Chintamani ...	20
Chikballapur ...	260
Bagepalli ...	30
Gudibanda ...	60
Goribidnur ...	30
Malur ...	40

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalities in the Kadur District.
The Comptroller, Mysore Government.
The Senior Surgeon with the Government of His Highness the Maharaja of Mysore.
The Chief Engineer in Mysore.
The Revenue Commissioner in Mysore.

READ—

Letter No. 699, dated the 1st—4th April 1907, from the President of the Municipalities in the Mysore District, submitting the budget estimates of the minor Municipalities in the district for the year 1907-08.

No. 11204-9—ML. 443-06-2, DATED BANGALORE, 29TH MAY 1907.

RECEIPTS.

ORDER THEREON.—The estimated receipts under all heads for the year 1907-08 amount to Rs. 65,232 against Rs. 56,141 in the previous year, the increase being chiefly due to—

(i) Rs. 1,135 under 'Octroi' in Nanjangud owing to the anticipated increase in the revenue from cloths and cocoanuts.

(ii) Rs. 2,000 under 'Tax on houses' in Seringapatam from the collection of arrears.

(iii) Rs. 4,000 under 'Tolls' in Nanjangud based on the increase in the actuals, *viz.*, Rs. 2,082, during the first half of the year 1906-07.

The estimates are approved.

EXPENDITURE.

2. *II. (a) President's office.*—No provision has been made in the budgets of Hunsur, Chamrajnagar, T.-Narsipur, Bannur and French Rocks for contingencies, but pending the receipt from the President of a statement showing the average of the actuals of the past three years' charges on account of travelling allowance, contingency, stationery and printing charges of the President's office, a provision of Rs. 3 will be made for contingencies in the budgets of each of these Municipalities and the estimates will further be modified as shown below to meet the increased contribution payable towards the pay and pensionary charges of the additional clerk sanctioned for the President's office from the 1st July 1907 :—

3. *II. (b) Vice-President's office.*—As the proportion in which the pay of the additional clerks sanctioned for Local Fund work in the taluks from the 1st July 1907 should be debited, has not yet been settled, the additional charge on this account should be met by re-appropriation of grants sanctioned for other purposes.

The provision of Rs. 40 repeated in the budget of Bannur for contingencies will be disallowed, as no explanation has been furnished for its retention in the present budget.

4. *III. (a) Octroi.*—The entertainment of the manegar on Rs. 10 and of three peons on Rs. 5 in the Bannur Municipality having been sanctioned in Government Order No. 10250-1—Ml. 426-05 of 2nd April 1906, for only one year from 1st July 1906, the repetition of the provision for 1907-08 requires explanation, pending which the provision will be shown under the sub-head 'Commission' so as not to affect the sanctioned scale. The new provision of Rs. 50 made for printing charges in the budget of Seringapatam will be allowed to stand, but it should not be utilized without the previous sanction of Government.

5. *III. (a) Octroi and (b) House and Mohatarfa taxes.*—The following provisions made on account of contingencies in addition to the usual percentage remuneration to village servants, will be disallowed as the necessity therefor has not been explained:—

			Rs.
Yedatore—	(a)	Octroi	10
Melkote—	(b)	House tax	12
Malvalli—	(a)	Octroi	50
Periyapatna—	(b)	House and Mohatarfa ...	5
Nagamangala	(b)	House tax	5
		Total ...	82

6. *IV. Conservancy.*—A personal allowance of Re. 1 having been sanctioned* to the dafadar of the Nanjangud Municipality, the provision made therefor is passed, as also the increases proposed for the purchase of carts in Yedatore, Nagamangala and Saligram; while the increase from Rs. 12 to Rs. 15 per mensem proposed for the hire of carts in Chamrajnagar will be retained subject to Government sanction being obtained before payment is made at the higher rate.

*Government Order No. 9432-3—Ml. 451-06 2, dated the 12th April 1907.

7. *VII. Lighting.*—The provision of Rs. 40 made for the purchase of oil, etc., in the budget of Gundlupet will be disallowed as the lamps in the Municipality are lit by contract at 12 annas per lamp and no reason is assigned for the purchase of oil, etc., in addition.

8. *VIII. Public Works (a) Supervision.*—In lieu of the usual provision at ten per cent on the outlay on works, a sum of Rs. 180 has been entered under this head in each of the budgets of Yedatore, Seringapatam and Nanjangud for meeting the moiety of the pay of the Assistant Sanitary Inspectors. This is approved with the observation that the details of this establishment should have been entered in Statements No. III of the budgets of the Municipalities concerned. The omission should be guarded against in future.

9. *IX. Charitable grants.*—The omission of the provision under "Vaccination" in the budget of Seringapatam is approved, as it is in accordance with Government Order No. 8419-21—Ml. 87-06-6 of 18th March 1907, but the necessity for the large provision of Rs. 40 made for contingencies of the Dispensary in the town against Rs. 20 allowed for other dispensaries not having been explained, the estimate will be reduced to Rs. 20.

10. *XI. Miscellaneous.*—As the correct provision for pension charges to be incurred by the Seringapatam Municipality comes to Rs. 142,* the estimate proposed, *viz.*, Rs. 133, will be raised by Rs. 9, a corresponding reduction being made in the provision under "Other items."

11. As the provisions made in most of the budgets under "VIII. Public Works" (a) Supervision, are excessive, and as the closing balances in the T.-Narsipur, Melkote, French Rocks, Seringapatam, Heggaddevankote and Hunsur Municipalities are estimated to fall below the prescribed minimum, the proposed estimates will be reduced as far as possible as shown below :—

13. From the above it will be seen that the closing balances in favor of the Heggaddevankote and Seringapatam Municipalities are nil, while there is a minus balance both at the beginning and the end of the year against the Hunsur Municipality even when no expenditure is proposed under "VIII. Public Works." This is unsatisfactory. The President is requested to investigate and report as early as possible after the close of the year 1906-07, how the finances of these three Municipalities could be improved.

14. It is observed that despite the delay of five weeks in the submission of the budgets, Statements Nos. I and II have not been correctly prepared, and in Statement No. II the abstract totals under the sub-heads have been repeated as in Statement No. I, while the names of the works with the estimated cost of each should have been furnished.

Again, in Statement No. I, the difference between the sanctioned estimate for 1906-07 and the actuals for the first half of that year has been entered as the

probable estimate for the latter half of the year, while under the existing orders, the actuals of the second half of the previous year should have been entered instead. Moreover, in cases where the actuals of the first half of the year 1906-07 exceeded the sanctioned estimates for that year, the probable estimates for the second half are given as nil although some revenue would certainly be realized during that part of the year. The following entries in the budget statements of Nanjangud, Talkad and Nagamangala would illustrate the incorrectness of this strange method of estimating, which should never be allowed to recur :—

Municipality	Budget head	Sanctioned estimate for 1906-07	Actuals for first half of 1906-07	Probable collections for second half of 1906-07
		Rs.	Rs.	Rs.
(i) Nanjangud	Tolls	1,000	2,082	...
(ii) Talkad	Shop-tax	100	106	...
(iii) Nagamangala ...	Octroi on cloth ...	250	278	...

15. Government regret to observe that this erroneous procedure has been adopted in spite of the clear instructions conveyed in para 2 of the order sanctioning the budget estimates of the previous year.

READ—

Letter No. 847, dated the 8th April 1907, from the President of the Municipalities, Tumkur District, submitting the budget estimates of the Municipalities in the district for the year 1907-08.

No. 11305-10—ML. 445-06-3, DATED BANGALORE, 31ST MAY 1907.

RECEIPTS.

ORDER THEREON.—*I. Octroi.*—In the budgets of Chiknayakanhalli, Gubbi, Tiptur and Pavagada, the difference between the sanctioned estimates for the year 1906-07 and the actuals for the first half of that year is erroneously given as the probable collections for the latter half of that year, while under the existing orders, the actuals of the second half of the previous year should have been entered instead. The mistake should be pointed out to the Vice-Presidents concerned and greater care enjoined on the District Office establishment in checking these important statements, before submission to Government.

EXPENDITURE.

2. *II. Head office.*—To provide for the increased contribution payable for the pay and pensionary charges of the additional clerk sanctioned for the President's office from the 1st July 1907, the provisions under this head will be modified as shown below:—

Municipality	As proposed		Increase		As sanctioned	
	Pay	Pension	Pay	Pension	Pay	Pension
	Rs.	Rs.	Rs.	Rs.	Rs	Rs.
Tumkur	198	22	23	3	221	25
Maddagiri	31	3	4	1	35	4
Koratagere	17	2	2	...	19	2
Chiknayakanhalli	49	6	6	...	55	6
Sira	37	4	4	1	41	5
Gubbi	44	5	5	...	49	5
Tiptur	65	7	8	1	73	8
Turuvekere	15	2	2	...	17	2
Pavagada	12	1	1	...	13	1
Kunigal	40	5	5	...	45	5
Total ...	508	57	60	6	568	63

As the proportion in which the pay of the clerks recently sanctioned for Local Fund work in Taluk Offices should be distributed between Municipal and District Funds, is not yet settled, no provisions have been made on that account in the present budgets. The President should be prepared to meet this extra charge from the sanctioned allotments under other heads.

3. *III. Collection.*—The new provision of Rs. 84 made in the budget of Kunigal for the entertainment of a mutsaddi on Rs. 7 for the collection of Octroi, will be retained. That of Rs. 25 made in the budget of Tumkur for refund of collections will be transferred to the proper head (*b*) Refunds under XI. Miscellaneous. In the budget of Gubbi, the provision for the mutsaddi on Rs. 8 and the peon on Rs. 6 per month, whose employment for one year was sanctioned in Government Order No. 47-8—Ml. 303-05, dated the 4th July 1906, has been repeated without explanation. If the continuance of the said establishment after the expiry of one year from the date of entertainment is necessary, special sanction of Government should be obtained, pending which, however, the provision will not be disturbed.

4. *IV. Conservancy (a) Establishment.*—The following variations proposed in the sanctioned scales under this head not having, as yet been sanctioned by Government, nor the necessity therefor explained, the excess provisions made are disallowed with the observation that the incorporation of such unauthorized items in the statements, contrary to budget rules and the clear instructions conveyed in para 14 of the order sanctioning the budget estimates of the previous year, should have been avoided.

Municipality	Conservancy establishment	As sanctioned for 1906-07		As proposed for 1907-08	
			Rs.		Rs.
Tumkur	Peons	4 @ 6	288	4 @ 7 2 @ 6	336 144
Koratagere	Mutsaddi	1 @ 9	108	1 @ 10	120
	Sweepers	5 @ 5	300	6 @ 5	360
Chiknayakanhalli	Do	12 @ 5	720	12 @ 6	864
Gubbi	Do	10 @ 5	600	5 @ 6	360
	Do	.....	...	5 @ 5	300
	Do	.....	...	4 @ 5	240
Tiptur	Scavengers	.....	...	2 @ 8	192

In the budget of Sira also, provision for three sweepers on Rs. 5 each per mensem sanctioned (Government Order No. 3653-4—Ml. 180-06-2, dated 7th November 1906) only for a period of one year, is repeated. If the continuance of the establishment for a further period is found necessary, separate sanction of Government should be obtained.

5. *VII. Lighting.*—The provisions made under this head are passed subject to the submission of details as regards the number of lamps to be lit and the charges for lighting each lamp.

6. *VIII. Public works.*—In the budget Statements No. II of the Koratagere, Chiknayakanhalli, Tiptur, Maddagiri and Turuvekere Municipalities, the totals under the sub-heads have been repeated as in Statement No. I, while the names of works proposed to be executed, with the estimated cost of each, as also the detailed information required for filling up the statement as set forth in the heading, should have been furnished. Such omissions are inconvenient.

In order to maintain the prescribed minimum balances, the provisions under this head in the budgets of the Tumkur, Maddagiri, Chiknayakanhalli and Gubbi Municipalities will be reduced as shown below :—

Municipality	Items	As proposed	As sanctioned
		Rs.	Rs.
Tumkur	Roads, repairs	1,985	1,500
	Reserve	1,492	240
Maddagiri	Roads, repairs	250	100
	Water-supply, repairs	100	60
	Buildings, original	150	...
Chiknayakanhalli	Water-supply, original	755	375
Gubbi	Water-supply, repairs	400	360

7. *IX. Charitable grants.*—As dieting charges in Hospitals are debitable entirely to District Funds, the provision of Rs. 40 made therefor in the budget of Tumkur will be disallowed. So also the new provision of Rs. 180 made for payment of allowance to a native pandit at Tiptur which has not been sanctioned by Government.

8. *X. Education.*—The increase of Rs. 60 provided in the budget of Gubbi for payment of a grant of Rs. 5 to Sangappa's School, will be disallowed as no sanction of Government has been obtained therefor.

9. The budget estimates as above revised and sanctioned are detailed in the appended statement, of which the following is an abstract:—

READ:—

Letter No. 135, dated the 15th April 1907, from the President of the Mysore City Municipal Council, submitting the budget estimates of the City Municipality for the year 1907-08.

No. 11322-7—ML. 480-06-3, DATED BANGALORE, 31ST MAY 1907.

ORDER THEREON.—The income under all heads is estimated at Rs. 1,70,920 against Rs. 1,73,853, the actuals of 1905-06, and Rs. 1,68,700, the sanctioned estimate for 1905-06.

2. *I. Octroi.*—The estimate of Rs. 2,000 from Octroi on tobacco appears too sanguine when compared with the actual and probable realizations during 1905-06 and 1906-07 of Rs. 1,633 and Rs. 1,278 respectively. Pending explanation, the provision will not be disturbed.

3. *X. Miscellaneous (h) Scavengering cess.*—The new estimate of Rs. 2,000 under this head is passed. It is expected from the scavengering cess to be levied in the Chamaraj and Nazarbad Mohallas, in which the daily system of conserving the latrines has been ordered to be introduced.

4. *Opening balance.*—The correct balance in favor of the Municipality on the 1st July 1907 is Rs. 76,792 as shown in the margin and not Rs. 43,879 as entered. The former figure will be adopted.

	Rs.
1. Actual balance on 1st July 1906 ...	50,141
2. Estimated receipts for 1906-07 ...	1,68,700
3. Total	2,18,841
4. Deduct estimated expenditure during 1906-07	1,42,049
5. Balance	76,792

5. *II. Head office.*—Under this head provision is made for increment of pay due to the munshi as also for the following new items:—

	Items	Existing Rs.	Proposed Rs.*
G. P. No. 10119-20—Ml. 22-05-4, dated 30th March 1906.	(1) Peons	2 at 6=144	2 at 7=168
	(2) Peons	3 at 5=180	3 at 6=216
	(3) Peons for Mohalla Councillors ...	7 at 5=420	7 at 6=504
	(4) Do do ...		7 at 5=420
		744	1,308
	(5) Increment to deserving officials ...	...	300
	(6) Furniture...	40	500

As the question of increasing the salaries of peons in the head office and in the other departments of the Municipality is under the consideration of Government, the provision made therefor will be retained, but shown under a separate sub-head so as not to affect the sanctioned scale. The increased allotments (Rs. 500) for furniture stated to be necessary are also retained subject to the submission of indents in the prescribed form and sanction of Government thereto before utilizing the provision. The other provisions for the entertainment of additional hands or for increases, etc., will be disallowed as the budget is not the proper place for making such proposals.

6. *III. Collections.*—Of the following new items or increases inserted under this head,

(a) Octroi.

		Existing Rs.	Proposed Rs.
G. P. No. 66-7—Ml. 538 01-4, dated 3rd July 1905.	(1) Daroga	1 at 65+15=960	1 at 70+15=1,020
	(2) Reward to informants of smuggling	25	250

(b) House and Mohallarfa.

	(5) Peons	4 at 5=240	4 at 6= 288
	† (6) Peons		15 at 5= 900

(c) Market.

(7) Peons	2 at 5=120	2 at 6= 144

items (1), (3), (4) and (6) have already been sanctioned and the provisions made therefor are passed, as also item (2) subject to submission of information as to the system

proposed to be adopted for payment of rewards to encourage detection. The remaining two items on account of increase of pay to peons will also be retained but shown under a separate head (*vide* para 5 *supra*).

7. *Conservancy* (*a*) *Establishment.*—As regards the increases amounting to Rs. 1,980 provided under this head to meet increment of pay to the four Sanitary Inspectors and the pay of the peons, toti and the sweepers entertained* for the Idga, Jalapuri and Dodholagere Extensions, it is observed that under the codal rules provision has to be made in the budget according to the rate of salary due on the 1st July. The increments of pay provided for the Sanitary Inspectors will therefore be struck off and the other items passed.

Increases.	Rs.
(i) 4 Sanitary Inspectors at 2 Rs. each a month	96 a year
(ii) 2 peons at Rs. 6 each... ...	144 ,,
(iii) Toti on Rs. 7	84 ,,
(iv) 23 sweepers at Rs. 6 each ...	1,656 ,,
Total ..	1,980

G. P. No. 9241-4—Ml. 154-06-8, dated 6th April 1907.

IV. (*b*) *Other charges.*—Of the marginally noted increases provided under this sub-head, the increase in the number of carts having been sanctioned,* the provision on this account is passed and the other items will be retained pending explanation as to the necessity for each increase and sanction of Government therefor. Item No. V will be shown under IV (*a*) Establishment.

	Existing Rs.	Proposed Rs.
(i) Conservancy carts ...	91 at 15=5,580	35 at 15=6,300
(ii) Night-soil carts	18 at 5=1,080	19 at 5=1,140
(iii) Purchase of night-soil carts and dust-bins ..	500	1,500
(iv) Street boards and painting door numbers...	100	500
(v) The daily scavengering establishment..	...	3,600

*G. P. No. 9241-4—Ml. 154-06 8, dated 6th April 1907

8. *VIII. P. W.* (*a*) *Supervision.*—The provision for the pay of the Sub-Overseer, whose services were considered unnecessary, has been omitted, and that for the pay of the Municipal Engineer raised from Rs. 80 + 20 to Rs. 100 + 20 in accordance with the resolution of the Municipal Board. The provision at the increased rate for the pay of the Engineer is passed.

G. P. No. 7386-7—Ml. 568 05-9, dated 28th February 1907.

9. *IX. Charitable grants.*—The provision of Rs. 100 made under this head on account of the proportionate cost of the geyser required for the use of the Maharani's Hospital, as also Rs. 180 and Rs. 20 for the pay of and instruments for the midwife proposed to be entertained for the Nazarbad Mohalla and of Rs. 264 being two-thirds of the cost of the Dispensary at the Weavers' Lines, is passed, but the necessity for the increased rate (8 to 10 Rs.) of house rent provided for the Nazarbad Dispensary building has not been explained, nor are the details furnished for the lump-sum provision made for the Dispensary at the Weavers' Lines. The omission should be supplied.

10. *X. Education.*—The variations proposed in the provision under this head are noted below :—

Items.	Existing Rs.	Proposed Rs.
1. Pay of School Inspector	1 at 45=540	
2. Hindustani School, Mandi Mohalla	1 at 10=120	1 at 15= 180
3. Do do	.....	1 at 10= 120
4. Upadhyaya Nanjappa's School	. ...	1 at 7= 84
5. Vidyabhivardhini School	.. ..	1 at 5= 60
6. Gangammanagudi School	.....	1 at 5= 60
7. Sreeramadevargudi School, Krishnaraj Mohalla	.....	1 at 6= 72
8. Gowligakere School, Krishnaraj Mohalla	.....	1 at 5= 60
9. Surplus amount for other Schools	204	2,628
Total ...	864	3,264
	..	864

Gross increase 2,400+540=2,940

The omission of provision on account of the pay of the School Inspector, who is on long leave without allowances and for whom no substitute has been appointed, is noted. But the items of increase amounting to Rs. 2,940, which are stated to have been entered in accordance with the wishes of the Municipal Board to have one pial school for every 200 houses in the City for Primary Education, will be disallowed as the same has not been sanctioned by Government.

11. *XI. Miscellaneous* (*c*) *Cattle-pounds.*—It is noted that the decrease of one daroga and of one peon is due to the closing of the pound in the Curzon Park, but the increase of pay for four peons will be allowed on the condition mentioned in para 5 *supra.*

(*i*) *Other items.—Water maintenance and Vani Vilas Water Works.*—The sum of Rs. 12,000 entered under this head as contribution payable to the Public Works Department on account of the maintenance of water works, is approved.

Other items.—The new item of Rs. 100 provided on account of the allowance to cholera contacts, which is in accordance with the orders of Government on the subject, is approved as also the increases for the marginally noted items, the necessity for which should be clearly explained.

SECTION 3—MEDICAL

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. G. 632, dated the 19th January 1907, from the Officiating Senior Surgeon, forwarding in original the correspondence between him and the District Medical and Sanitary Officer of the Mysore District and requesting definite instructions on the point therein raised, *viz.*, whether the expression "Medical attendant" in Article 467 of the Mysore Service Regulations includes Vaidyans and Hakeems.

No. 10116-155—MED. 213-06-2, DATED BANGALORE, 2ND MAY 1907.

ORDER THEREON.—Article 467 of the Mysore Service Regulations requires in certain cases a certificate from the applicant's medical attendant. The certificate is required to be countersigned by the District Medical and Sanitary Officer, who may at his discretion (under Article 468) require the applicant to appear before him. The articles do not restrict the term "applicant's medical attendant" to medical men with any particular qualifications, and Government do not see why a native Vaidyan or Hakeem should not grant such certificates if he is the applicant's medical attendant. The condition that the certificate should be countersigned by the District Medical and Sanitary Officer, and the discretion vested in him in Article 468, to require the applicant's personal attendance before him for examination, ought, in the opinion of Government, to suffice to safeguard public interests and to ensure that certificates are not granted without adequate justification.

Manufactured articles on hand	557	1	8
Total ...	2,625	4	2

When the school was started, it was anticipated that, leaving out the initial cost, the whole cost of the materials and more than half the cost of the establishment would be recovered from the sale of manufactured articles and that the net cost of each school need not exceed Rs. 1,200 or Rs. 1,500 a year. (Government Proceedings, dated 7th April 1903, paragraph 5.)

Applying the first of these tests, we find that materials to the value of Rs. 1,820-14-9 were used and articles to the value of Rs. 2,625-4-2 manufactured, giving a profit of Rs. 804-5-5 on the assumption that all the manufactured articles will be sold at full prices. Half the cost of establishment was Rs. 1,300-6-10, so that the anticipations of the profits have not been quite realized.

Applying the second test, the charges have amounted to Rs. 4,833-4-4 excluding the initial cost; if all the manufactured articles are sold, the cost of materials will be repaid, and there will be a profit of Rs. 804-5-5 so that the net cost works out at Rs. 4,028-14-11 or about Rs. 1,343 a year. Even if we take a less hopeful view of the sale of the manufactured articles and assume that the manufactured articles on hand are of no value, the net cost works out as follows :—Establishment and other charges Rs. 4,833-4-4. Raw materials (less cost value of raw materials on hand) Rs. 1,820-14-9, total Rs. 6,654-3-1. Deducting the sale proceeds, Rs. 2,068-2-6, the net cost would be Rs. 4,586-0-7, or very little over Rs. 1,500 a year.

As regards the result of the institution, it is reported that several of the local weavers have begun to use the country looms with fly-shuttle attachments, and they find they can weave their saris in about two-thirds of the usual time. From this point of view the school must be considered as doing good work.

Molakalmuru.

This is a Weaving School with a Carpentry Class which was not started till 1904, so that the figures give the result of only two years' working. Instruction in general education is given in a night school and drawing is taught by the Carpentry Instructor.

The following is a statement of the cost of the school for the two years ending June 30th, 1906 :—

	Rs.	a.	p.
I. Initial cost	858	7	0
II. Establishment	1,958	14	9
Rent	230	0	0
Contingencies	460	0	0
Scholarships	737	5	7
Total ...	3,386	4	4
III. Raw materials...	1,088	0	7
Do on hand	488	3	1
Balance—materials used	599	13	6

The following is a statement of the sale proceeds and value of manufactured articles on hand :—

	Rs.	a.	p.
Sale proceeds	542	10	6
Manufactured articles on hand	415	10	9
Total ...	958	5	3

The value of raw materials used was Rs. 599-13-6, and the value of manufactured articles was Rs. 958-5-3, showing a possible profit of Rs. 358-7-9, while half the cost of establishment was Rs. 979-7-4, so that the return did not quite come up to the amount anticipated.

The charges, excluding the initial cost and raw materials, amounted to Rs. 3,386-4-4 from which there is to be deducted a possible profit of Rs. 358-7-9 so that the net cost was Rs. 3,027-12-7 or very little over Rs. 1,500 a year. Or assuming that the manufactured articles on hand are of no value, the net cost would work out as follows :—

	Rs.	a.	p.
Establishment and other charges.	3,386	4	4
Raw materials (less value of raw materials on hand) ...	599	13	6
Total ...	3,986	1	10
Sale proceeds	542	10	6
Net cost	3,443	7	4

It should be noted, however, that the sale proceeds in the first year of an Industrial School are generally small, so that a period of two years is scarcely sufficient to determine what the net cost will finally become.

As regards the result of the institution, the local weavers have not actually taken to the fly-shuttle at present, but several of them are reported to be anxious to get their looms fitted with fly-shuttle attachments. The carpentry department is prepared to supply these to the weavers as soon as the demand arises for them, so that there is useful work for the school to do in the immediate future.

Chiknayakanhalli.

This is a Weaving School with Carpentry Class which was started at the very end of 1903-04 so that the figures give practically the result of only two years' working.

The following is a statement of the cost of the school for two years ending June 30th, 1906 :—

	Rs.	a.	p.
I. Initial cost	1,000	0	0
II. Establishment	1,864	6	2
Rent	308	12	5
Contingencies	440	0	0
Scholarships	938	12	0
Total ...	3,551	14	7

	Rs.	a.	p.
III. Raw materials...	2,504	5	6
Do on hand	1,096	6	11
Balance—materials used	1,407	14	7

The following is a statement of the sale proceeds and value of manufactured articles on hand :—

	Rs.	a.	p.
Sale proceeds	1,124	5	0
Manufactured articles on hand	356	11	5
Total ...	1,481	0	5

The value of raw materials used was Rs. 1,407-14-7, and the value of manufactured articles was Rs. 1,481-0-5, showing a possible profit of Rs. 73-1-10, while half the cost of the establishment was Rs. 932-3-1. If we assume the manufactured articles to be of no value, the net cost of the school would work out as follows :—

	Rs.	a.	p.
Establishment and other charges	3,551	14	7
Raw materials (less value of raw materials on hand) ...	1,407	14	7
Total ...	4,959	13	2
Sale proceeds	1,124	5	0
Net cost	3,835	8	2

Thus on either system of estimating the net cost the expenditure on the school is far in excess of the original estimate and compares unfavorably with that of either of the two other Weaving Schools.

As regards the result of the school on the local weaving industry, it is reported that not a single weaver has adopted the fly-shuttle attachment or has even expressed the desire to do so. The rate of scholarships paid to the boys who learn weaving is so low that as soon as the pupils have learned how to make saleable articles they leave the school before they have derived the full benefit of the course of instruction. If any permanent good is to be done by the school, it will be necessary to increase the rate of scholarships so as to induce the pupils to remain for a longer time and turn out more profitable work.

Hole-Narsipur.

As it was reported that a private Weaving School had been opened and successfully conducted at Hole-Narsipur, the Government Industrial School was opened as a Carpentry School in accordance with Government Order No. G. 5200-1—Ed., dated 14th April 1904. The school was opened towards the end of the financial year so that the figures refer practically to the work of only two years.

The following is a statement of the expenditure on the school up to the end of June 1906 :—

	Rs.	a.	p.
I. Initial expenditure	600	0	0
II. Establishment	1,118	8	2
Rent	250	0	0
Contingencies	225	0	0
Scholarships	474	8	0
Total ...	2,068	0	2
III. Raw materials	1,600	0	0
Do on hand	888	15	2
Balance—raw materials used	711	0	10

The following is a statement of the sale proceeds during the period and the value of the manufactured articles on hand on June 30th:—

	Rs.	a.	p.
Sale proceeds	464	1	11
Value of manufactured articles on hand...	566	2	11
Total ...	1,030	4	10

When these schools were started, it was anticipated that, leaving out the initial cost, the whole cost of the materials and more than half the cost of establishment would be recovered from the sale of manufactured articles and that the net cost of each school need not exceed Rs. 1,200 or Rs. 1,500 a year.

Applying the first test, the amount spent on materials used was Rs. 711-0-10 and the value of articles manufactured was Rs. 1,030-4-10 giving a possible profit of Rs 319-4-4, while half the cost of establishment for the period was Rs. 559-4-1, so that the return very nearly came up to what was anticipated.

Applying the second test, the total expenditure on establishment and other charges was Rs. 2,068-0-2 and a possible profit of Rs. 319-4-0 on the materials used; so that the net cost, assuming all the manufactured articles sold at their book prices, would be Rs. 1,748-12-2, an amount far below what was anticipated. Or if it is assumed that the manufactured articles are unsaleable, the net cost would work out as follows:—

	Rs.	a.	p.
Establishment and other charges	2,068	0	2
Cost of raw materials used	711	0	10
Total ...	2,779	1	0
Sale proceeds	464	1	11
Net cost ...	2,314	15	1

So that, even on the most unfavorable assumption, the expense would only slightly exceed the original estimate.

Channapatna.

This school was opened late in the year 1903-04 as sanctioned by Government Order No. G. 4948-9—Ed., dated 5th April 1904, so that the figures give the result of practically only two years' working. The school gives instruction in carpentry, lacquer work, blacksmith's work and steel wire manufacture.

The following is a statement of the cost of the school to the end of June 1906:—

	Rs.	a.	p.
I. Initial cost	792	2	6
II. Establishment	1,730	12	10
Rent	276	14	4
Contingencies	249	3	4
Scholarships	1,051	8	3
Total ...	3,308	6	9
III. Raw materials	1,457	13	6
Do on hand	508	1	4
Balance—materials used	949	12	2

The following is a statement of the sale proceeds and value of manufactured articles on hand:—

	Rs.	a.	p.
Sale proceeds	1,001	10	10
Manufactured articles on hand	155	4	0
Total ...	1,156	14	10

The value of raw materials used was Rs. 949-12-2 and the value of manufactured articles was Rs. 1,156-14-10 showing a possible profit of Rs. 207-2-8 while half the cost of establishment was Rs. 865-6-5, so that from this point of view the result was not quite so favorable as was anticipated.

The charges excluding initial cost and raw materials amounted to Rs. 3,308-6-9 and there is shown a possible profit of Rs. 207-2-8 so that the net cost was Rs. 3,101-4-1 which very slightly exceeds the original estimate, or if we assume the manufactured articles on hand to be unsaleable, the net cost would work out as follows :—

	Rs.	a.	p.
Establishment and other charges	3,308	6	9
Cost of materials used	949	12	2
Total ...	4,258	2	11
Sale proceeds	1,001	10	10
Net cost ...	3,256	8	1

So that the net annual cost would only be slightly higher than the original estimate.

As regards the result of the school, it should be noted that the value of the manufactured articles on hand bears a very small proportion to the total value of the articles manufactured. This indicates that the school is supplying articles for which there is a demand. As a matter of fact the Superintendent receives more orders for lacquer work than he can undertake, and numerous applications for admission as pupils have been refused for want of accommodation.

Chitaldrug.

This school was started as a Government institution at the end of 1903-04 in accordance with Government Order No. G. 5783-4, dated 19th May 1904. A private industrial school had been conducted in Chitaldrug for some time, which was taken over by the department, and a blacksmith's shop was added.

The accounts of this school are badly kept and there is some uncertainty about some of the items; the following is a statement of the expenditure on the school for two years ending June 30th, 1906, as accurate as possible under the circumstances :—

	Rs.	a.	p.
I. Initial cost	1,000	0	0
II. Establishment	1,871	0	6
Contingencies	350	0	0
Scholarships	463	5	3
Total ...	2,684	5	9
III. Raw materials	2,578	15	2
Do on hand	955	15	8
Balance—materials used	1,622	15	6

The following is a statement of the sale proceeds and value of the manufactured articles on hand on June 30th, 1906 :—

	Rs.	a.	p.
Sale proceeds	1,415	14	2
Manufactured articles on hand	632	9	0
Total ...	2,048	7	2

The value of raw materials used was Rs. 1,622-15-6 and the value of articles manufactured was Rs. 2,048-7-2 showing a possible profit of Rs. 425-7-8 while half the cost of establishment was Rs. 935-8-3 so that the return fell considerably short of what was expected.

The cost of establishment and other charges, excluding initial cost and raw materials, amounted to Rs. 2,684-5-9 and there was a possible profit of Rs. 425-7-8, so that the net cost was Rs. 2,258-14-1, somewhat less than the original estimate. If, however, it is assumed that the manufactured articles on hand are unsaleable, the net cost would be increased by Rs. 632-9-0 and amount to Rs. 2,891-7-1 somewhat less than the maximum original estimated. It should be borne in mind, however, that the expenditure does not include the item of house rent as a Government building is used for the school.

The school has done some good work in supplying local wants, but the accounts are in a state of great confusion, and the present Superintendent does not appear to have the energy left to start and learn book-keeping. It seems to have been a mistake to take over the school, which was doing good work as a private concern. The best course to adopt would be to let it become a private concern again, and give the Superintendent a grant-in-aid on condition of keeping up the establishment and training a fixed number of boys.

No. 10169-77—Ed. 268-06-3, dated Bangalore, 2nd May 1907.

Order thereon.—Recorded with the observation that the results are not unsatisfactory except in regard to the Chiknayakanhalli and Chitaldrug Schools where the results are bad. Government are not prepared to increase the rate of scholarships in the Chiknayakanhalli School where there is abundant scope for the efforts of the officers of the Education Department to improve the results. As regards the Chitaldrug School, Government agree with the Officiating Inspector-General in considering that it had better be made a private concern. The Inspector-General of Education is requested to submit definite proposals in the matter at a very early date.

2. The attention of the Deputy Commissioners is invited to the reports read above.

(1) Memorandum dated the 20th November 1906, regarding the leakage of question papers set for the Mysore Local Service and Pleaders' Examinations of November 1906, submitted by the Secretary to the Board of Examiners.

(2) Letter dated the 22nd November 1906, from the Superintendent of the Central Press, on the same subject.

(3) Memorandum dated the 6th February 1907, on the same subject, by Mr. N. Subba Rao, Assistant to the Inspector-General of Police, forwarded to Government with a note on the subject by the Inspector-General of Police.

No. 11222-6—Ex. 8-06-2, DATED BANGALORE, 30TH MAY 1907.

ORDER THEREON.—The Mysore Local Service and Pleaders' Examinations are conducted by a Board appointed by Government for the purpose and consisting of a President (the Chief Judge) and four members (the two Puisne Judges of the Chief Court, the Comptroller to Government and the Inspector-General of Education), the Registrar of the Chief Court being the Secretary to the Board. There are no orders of Government defining the duties and responsibilities of the President and the members of the Board or of the Secretary, but from the memorandum submitted by the Secretary it is seen that the arrangements connected with the printing of the question papers and their transmission to the different examination centres are entirely under his charge. Up to the year 1892 the question papers were being cyclostyled, but since then they are being printed at the Bangalore Central Jail Press. The reason assigned for selecting the Jail Press for the purpose is that the chances of the question papers leaking out are thus reduced to a minimum as the convicts employed on the work have no touch with the outside public and are comparatively illiterate men; but the selection of the Jail Press for the printing of papers was probably also due to the fact that the Chief Judge and *ex-officio* President of the Board was at the time the Inspector-General of Prisons as well and had control over the Jail Press. The President has long since ceased to be the Inspector-General of Prisons, but the practice of printing the question papers at the Jail Press has continued unaltered. The Secretary to the Board seems to have always been entrusting the Deputy Registrar of the Chief Court with the work of superintending the printing of the question papers at the Jail Press.

2. The printing of the question papers for the Examination of November 1906 was commenced on the 30th October 1906 under the supervision of Mr. Basavaradhya, Deputy Registrar, who continued to be employed on the work up to the 5th November, on which date, as he was himself a candidate for the Local Service Revenue Examination, Shame Gowda, Deputy Translator of the Chief Court, was deputed by the Registrar to print the Revenue and certain other papers. On the 8th November, when Shame Gowda was getting the Forest and Jail Manual papers composed, a convict by name Subba Rao *alias* Subbaraya Pantalu went to the door of the Press room and called out to him through the bars of the door that there was no use printing the question papers as they were "all out." Subba Rao produced a manuscript copy of the paper on the Criminal Procedure Code (in English), written in his own hand, and averred that he had seen the question papers in two other subjects as well, and also produced certain other papers alleged to have been unauthorisedly printed at the Jail Press. The Secretary was informed of what had transpired, and he as well as the Superintendent of the Central

Press made enquiries into the matter and have submitted their reports to Government. At the same time information was received through the Police that a Mahomedan in the Civil and Military Station of Bangalore was in a position to sell some of the question papers. This information, however, led to nothing, and as the President of the Board considered that there was no evidence to show that any question paper, except the one on the Code of Criminal Procedure (which was cancelled and in lieu of which a new paper was set) had leaked out, the Examination was proceeded with.

3. In view of the importance of the subject Government directed an independent enquiry into the matter to be held by Mr. N. Subba Rao, Assistant to the Inspector-General of Police. Mr. Subba Rao has conducted his enquiries thoroughly and has submitted a detailed memorandum on the subject.

4. From a perusal of the papers before them, the Government are constrained to remark that there has been great laxity on the part of the Secretary to the Board of Examiners in the supervision of the printing of these papers, and that sufficient precautions were not taken to guard against the possibility of the questions leaking out. Question papers were being allowed to be taken out of office to the house of a subordinate official, for translation. Even the important task of getting the question papers printed was being delegated by the Secretary to subordinate officers of the Chief Court, who have no recognized position in the scheme of the Board and who are in no way responsible to the Board. Mr. Rajaratna Mudaliar's explanation that it has never been the practice for the Secretary to supervise the printing work cannot be accepted by Government as satisfactory.

5. The officers who were entrusted with the printing of the papers did not take even those precautions which ordinary prudence should have suggested, against the printers and others obtaining possession of copies of the papers in a surreptitious manner. The number of blank sheets of paper taken to the Press for printing the questions was never counted or attempted to be accounted for. When the convicts went out of the Press room after their work, they were not searched. Some convicts were allowed to go out of the room and come back as they liked. Mr. Basavaradhya had, it is true, no special knowledge of how confidential papers were to be printed; he had also no recognized position in relation to the Board of Examiners, but Government have a right to expect from an officer of his status more discretion and greater care than he has apparently brought to bear on the special and confidential work on which he was deputed.

6. Government consider that it is undesirable to put criminals on the work of printing confidential papers of this kind, which should ordinarily be entrusted to the most trustworthy men available, who have something to lose if they are found to be dishonest. As observed by the Superintendent of the Central Press, a Jail is the last place in which to print confidential work, more especially the Bangalore Jail, where the structural arrangements are not favorable for the maintenance of absolute secrecy. Orders have been separately passed directing the abolition of the Jail Press and the transfer of the work done there to the Central Press. The question papers for the Local Service and Pleaders' Examinations will, in future, be printed at the Central Press, under the personal supervision of the Secretary to the Board and the Superintendent of the Government Press.

7. In spite of the unsuitability of the Jail Press for printing confidential work there would have been no leakage of papers if the staff of the Jail Press and the Jail Warders had been thoroughly trustworthy. The question paper produced by Subbaraya Pantalu was copied out by him at the request of certain other prisoners. From the evidence before them, the Government are satisfied that the paper was copied at the instigation, and for the benefit, of the Press Manager, Sabhapati Pillay, who, with the assistance of certain Mahomedan ex-convicts now residing in the Civil and Military Station, appears to have been carrying on a traffic in Local Service Examination papers. When Subbaraya Pantalu produced the question paper on the Criminal Procedure Code before Shame Gowda of the Chief Court, he also produced certain other papers, unauthorisedly printed at the Jail Press for private parties. There is every reason for believing that these papers could not have been printed at the Jail Press without the assistance or connivance of Sabha-

pati Pillay, the Manager, and Nanjundaiya, the mestri of the Jail Press. Both these officials have proved themselves to be entirely untrustworthy, and Government direct that they be dismissed the service.

8. The question of revising the constitution of the Board for the management of the Local Service Examinations as well as the question of holding the examinations at one centre only, *viz.*, Bangalore, are reserved for separate orders.

9. The statement made by prisoner Subbaraya Pantalu shows that Jail Dafadar Abdul Khudus was privy to, and in fact, actively assisted in, the purloining of question papers from the Press room. The Inspector-General of Prisons is requested to deal with his case, as well as with the case of Deputy Jailor McGuire who seems to have got private work executed at the Jail Press without authority.

2. Letter No. 177, dated the 3rd May 1907, from Mr. R. Narasimhachar, Officer in charge of Archæological Researches in Mysore, praying for an increase of pay and allowances Commensurate with his increased duties and responsibilities as the Head of a Department.

No. G. 7386-8—G. M. 67-06-45, DATED BANGALORE, THE 28TH MAY 1907.

ORDER THEREON.—Mr. Narasimhachar is at present in receipt of a pay of Rs. 450, and Government do not consider that there are any good grounds for giving him more pay or allowances for the comparatively light duties he is called upon to perform.

2. In view of the diminished work of the Archæological Department, the question whether it may not be amalgamated with the Oriental Library at Mysore will be considered. Pending a decision in the matter, Government are pleased to direct that the officer in charge of Archæological Researches be placed, for purposes of administrative control, under the Inspector-General of Education in Mysore.

No. G. 7462-9—G. M. 179-06-10, DATED BANGALORE, 30TH MAY 1907.

ORDER THEREON.—The Government consider it sufficient to draw the attention of District Officers to the Order of the late Chief Commissioner of Mysore, No. 4686—G. 75, dated the 18th November 1873, which is reproduced below:—

"The indiscriminate seizure of carts, more especially of those engaged in trade, is obviously so great an evil, that the Officiating Chief Commissioner desires to call the attention of District Officers to this fruitful source of complaint, and to remind them of their duty to give their careful attention to prevent it and to punish severely every instance of such abuse on the part of peons that may come to their notice. In the opinion of Mr. Gordon, it would be by far the best and most satisfactory solution of the difficulty, in every practicable locality to arrange with a contractor who may volunteer to procure carts that are known to be available on hire. But where this cannot be done, a vigilant watch should be kept over the proceedings of the underlings detailed for this duty, and Amildars should be warned to prevent to the utmost of their power the indiscriminate and unnecessary impressment of more carts than may be really required on public emergencies."

Appeal petition Registered No. 928, dated 23rd August 1905, from Subba Jois, Archak of the Sri Anjaneyaswami temple at Gulur in the Bagepalli Taluk, complaining that one Savitramma (his father's elder brother's daughter) has been permitted by the Deputy Commissioner of the Kolar District, gratuitous enjoyment of a portion of the Devadaya Inam lands endowed to the temple without rendering any service therein, and praying that as he has been actually doing puja in the temple, he may be placed in entire possession and enjoyment of all the Inam lands.

AND—

The following letter No. 4754—225, dated 22nd December 1906, from the Deputy Commissioner of the Kolar District:—

"With reference to your docket No. 1904, dated 30th October 1905, forwarding for report the appeal petition of Subba Jois, Archak of the Sri Anjanevaswami temple at Gulur, Bagepalli Taluk, complaining that a portion of the Devadaya Inam land endowed to the temple is being unauthorizedly enjoyed by his relatives without rendering any service in the temple, I have the honor to state as follows:—

2. The temple in question is endowed with the marginally noted Inam lands, 5 acres 21 guntas in extent assessed at Rs. 14 in the village of Gulur, Bagepalli Taluk.

S. No.	Extent	Kind.	Assessment.
125	2-23	Dry	3 8-0
220	1-5	Wet.	6 0 0
301	0 14	,,	2 4 0
472	0-3	Garden.	0 1 0
,,	1-16	Dry.	2-0-0

3. "The original Archak and founder of the temple was Venkatasubba Bhatta. He had two sons, Subba Bhatta and Narasam Bhatta, who, it is reported, were performing the puja and enjoy the Inam lands attached to the temple. After them Hanumantha Bhatta, son of the former, and Sanjeevabhatta, son of the latter, were each enjoying half a share in the pujarike hak Hanumantha Bhatta having died sonless, his wife Venkamma and Sanjeeva Bhatta were enjoying the Inam lands equally, the puja being done by the latter alone.

4. After the death of Sanjeeva Bhatta, his son, the petitioner, succeeded him. Venkamma also died about four years ago. She has left a daughter by name Savitramma who is married to one Venkappa and she has a son. Savitramma is in possession of lands held by her mother and Subba Jois disputes her right to enjoy their lands. He petitioned to Mr. Puttanna Chetty, the then Deputy Commissioner, on the subject. He heard the parties at Gulur Camp and ordered that as both of them were in the enjoyment of the Inam lands for a long time, Subba Jois could not be put in possession of all the Inam lands and that as Subba Jois alone was doing puja for many years the other party should not be allowed to do puja.

5. Against this order, the petitioner has appealed to Government."

Also,

Docket No. 94, dated 25th February 1907, from the Superintendent of Inam Settlements in Mysore, forwarding an extract of the Inam Register pertaining to the Inam lands endowed to the said temple.

No. 5197-8, DATED BANGALORE, 6TH MAY 1907.

ORDER THEREON.—The Sri Anjaneyaswami temple at Gulur in the Bagepalli Taluk is a Muzrai Institution endowed with Inam lands. From the extract of the Inam Register received under cover of the docket from the Superintendent of Inam Settlements, read above, it is observed that the lands are intended for puja and deepam to Hanumanta Devaru at Gulur and were confirmed to the temple so long as the services were duly performed. The Government observe that the Inam lands endowed to the temple go with the puja hak and are intended to be remuneration for the work. If the parties divide the lands among themselves, such division might be permitted as a matter of private arrangement, but it ought not be recognised

when questions of right are raised. In these circumstances the Government are pleased to direct that the portion of the Inam land of the Sri Anjaneyaswami temple in Savitramma's possession should be resumed and assigned to the appellant Subba Jois, who is the pujari of the temple.

2. The action taken in the matter should be reported for the information of Government.

Correspondence ending with letter No. 819—133, dated 13th March 1907, from the Deputy Commissioner, Shimoga District, regarding the maintenance of the charities established by the late Mr. Tirupalappah in the Shimoga town.

No. 5362-3, DATED BANGALORE, 18TH MAY 1907.

ORDER THEREON.—In September 1904, the Deputy Commissioner Mr. M. S. Narain Rao, reported to Government that Mr. T. Venkatappa, sowcar and contractor residing at Shimoga, had deposited in the Government Savings Bank in the name of the Deputy Commissioner a sum of Rs. 25,750, promising to produce a further sum to make up Rs. 30,000 in all, and prayed that the amount be accepted by Government and interest allowed at 5 per cent per annum for the maintenance of an Annachattram and an Anjaneya temple built by his grandfather, the late Mr. Tirupalappah, in the Shimoga town. But the Government declined in their Proceedings No. 5269-78—Muz. F. 6-1902, dated 17th May 1906, to revive the system of receiving deposits from private persons on favourable rate of interest at 5 per cent, and observed that the proper course was for intending benefactors to buy Government of India Securities and deposit them with Government with a view to the interest thereon being drawn and utilized for the stipulated charities.

2. The deposit of Rs. 25,750 continued, however, in the Government Savings Bank, and it amounted to Rs. 27,248-3-8, inclusive of its interest up to the 20th August 1906. Opportunity was then taken to invest out of this amount a sum of Rs. 27,000 in the Mysore 4% loan of 1906-07 and it now stands invested in the name of the Muzrai Secretary to Government.

3. The Chattram and the temple are reported, to be in the management of Mr. T. Venkatappa, grandson of the founder, and the Deputy Commissioner, Mr. M. Narain Rao, recommends that the half-yearly interest on the 4% loan, *viz.*, Rs. 540, may be disbursed to the said Venkatappa subject to his rendering monthly accounts of receipts and expenditure to the Muzrai Department. A list of expenditure to be incurred is submitted for sanction.

4. The Deputy Commissioner's recommendation is accordingly sanctioned, and the scale of establishment and other charges amounting to Rs. 1,080 per annum as per list appended, is approved.

5. Mr. Venkatappa should be clearly made to understand that he or his heirs or any of his relatives would have no right to the principal amount invested in the 4% loan and that the Government would be glad to leave the management of the charities with him as long as he looks after them satisfactorily and renders monthly accounts to the Taluk, subject, of course, to the check and supervision of the local Muzrai officers.

6. A notification appointing Mr. Venkatappa as the sole Dharmadarsi for the management of the charities, will separately issue.

7. The prayer of Mr. Venkatappa for appointing a competent person from among his family members to succeed him in the management of the charities after him, is also sanctioned, subject to the condition that the nomination should be approved by Government in the Muzrai Department.

Memorial addressed to His Highness the Maharaja, Registered No. 1799-744, dated 8th April 1904, from the Agent of the Kudli Sringeri Matt, claiming the privilege of the use of "Adda Palaki" and other honors by the Swami of the Matt.

Memorial Registered No. 493, dated 27th July 1905, from the Agent of the Murugi Matt claiming the privilege of the use of Adda Palaki and other honors by the Guru of the Matt.

No. 5547-58—MUZ. F. 58 OF 1897, DATED BANGALORE, 28TH MAY 1907.

ORDER THEREON.—The memorials read above relate to the claim for the use of the special privilege of Adda Palaki put forward by the Kudli Sringeri Matt—a Matt of the Smarta Brahmins with head-quarters at Kudli in the Shimoga Taluk, and the Murugi Matt—a Matt of the Lingayets with head-quarters at Chitaldrug.

First as regards the claim of the Kudli Sringeri Matt :—

2. The records relating to the claim of the Kudli Matt have been carefully gone through, and the Dewan heard the Agent Subba Bhatta on two occasions, giving him a long hearing on the 19th August 1906. The Matt is of some importance, being endowed with a cash grant of Rs. 882 and land inams yielding about Rs. 4,700 per annum in the Mysore State, and also inams and tasdiks in other parts of India. It claims to be equal in rank to the Sri Sringeri Matt established at Sringeri and has in its possession Sannads and Nirups some centuries old.

3. In the Sannads and Nirups produced, the Matt is described as a very ancient and honoured one and as entitled to the "highest honors," "all the Birudus" and so on, but no specific mention is made therein of the "Adda Palaki." It would seem that this Matt did exercise the privilege of the Adda Palaki in the earlier part of the 19th century and previously, but that such use was again and again objected to and opposed by the principal Sringeri Matt at Sringeri. There is a Sannad forthcoming, dated 8th February 1811, under which His Highness the Maharaja Krishna Raja Wadeyar Bahadur III directed the continuance of the special honor of Adda Palaki along with other honors, on behalf of this Matt. The matter went before the Courts in 1847 on the motion of the Sri Sringeri Matt, and although the original Court, *viz.*, the Munsiff's Court of the Nagar Division, gave a decree for the plaintiff (the Sringeri Matt), yet the Appellate Court, *viz.*, the Adalat Court, reversed the decision and decreed that the defendant (Kudli Sringeri Matt) was entitled to the Adda Palaki and all the special honors claimed. This latter decision was upheld by the Commissioner of Mysore in 1849.

4. Further, the Swami appears to have used Adda Palaki and other honors on the occasion of his visit to Mysore in 1850-51, when it appears from the records received from the Palace that His Highness the Maharaja Krishna Raja Wadeyar Bahadur III received him with due honors.

5. The question again came up before the Dewan of Mysore, Sir K. Sheshadri Iyer, K.C.S.I., in 1884, when the Deputy Commissioner of the Shimoga District, upon an application from the Kudli Sringeri Matt for the issue of a Rahadari with Adda Palaki and other honors inserted therein to enable the Swami to proceed to Kolhapur, enquired whether such a permission could be given, considering that the Sringeri Matt objected on the ground that the last-named Matt alone was entitled to Adda Palaki, while the Kudli Sringeri Matt pressed its claim on the strength of the Adalat Court decision of 1847. The Rahadaris actually issued to this Matt were then called for and, in submitting them, the Deputy Commissioner, Mr. Meiklejohn, reported that there was nothing in them to show that the Swami had the right to Adda Palaki, and that the Swami had, for the previous twenty years, been absent in British India. Thereupon orders were issued in Government Proceedings No. 3633-197, dated 15th September 1884, stating that the application of the Kudli Sringeri Matt Swami for the use of the Adda Palaki could not be sanctioned, that there was no record forthcoming to show that this privilege was ever enjoyed by the Matt or granted to it by the Mysore Government, and that the Deputy Commissioner should inform the Matt accordingly. The remarks made in the order above

mentioned, to the effect that no records were forthcoming, appear to have been due to the fact that the Maharaja's Sannad and Rahadari of 1811, and the Palace records relating to the Swami's visit to Mysore in 1850-51 were not produced before Sir Sheshadri Iyer at the time.

6. The Matt having petitioned the Hon'ble the Resident on this subject in 1895, the Durbar were asked for a brief statement of the case and the Dewan, Sir K. Sheshadri Iyer, replied to that communication in his letter No. 21944—G. F. 45-93-94, dated 2nd June 1895, going fully into the question He stated that the Adda Palaki and the four special insignia named in the margin were, by immemorial custom, specially reserved for the use of Royalty, and their use by any one not specially authorized by the Sovereign, was an invasion of the Royal privilege, that a special grant for the use of the said privilege had, up to that time, been established only in favor of the Sri Sringeri Matt at Sringeri, that His Highness the Maharaja Krishna Raja Wadeyar Bahadur III, in a letter dated 21st December 1863 addressed to Captain Pearse, Officer in charge of the Palace duties, had declared that the right to use these insignia was vested only in the Guru of the Sri Sringeri Matt, and that Mr. L. Bowring, C.S.I., in para 2 of his letter No. 2396—101, dated 29th July 1868, to the Secretary to the Government of India, Foreign Department, had stated that the Sringeri Guru "is the only Guru in the Province who is permitted to use the Adda Palaki or cross-palanquin." He went into the previous history of the Sri Sringeri Matt and referred to a partition effected in the 17th century between the two Swamis of Sringeri and Kudli, and arrived at the conclusion that the Sringeri Matt at Sringeri occupied the position of an overlord of all Branch Matts, such as the Kudli and Sivaganga Matts, which had never been regarded as entitled to the special honors enjoyed by the Head Matt at Sringeri As regards the decree of the Adalat Court of 1847, which was confirmed by the Commissioner's Order of 1849, Sir Sheshadri Iyer stated that the decision was based mainly on oral evidence as to the Guru of the Matt having gone to Shimoga, Seringapatam and Mysore with Adda Palaki. He further stated that the Agent of the Matt who was given an opportunity to show that effect was given to the decree by the Government issuing Rahadaris in accordance with its terms, failed to produce any Rahadari empowering the Matt to use the Adda Palaki, although a period of thirty-five years had elapsed since the date of the decree Having special regard to the declaration of His Highness the Maharaja made in 1863 and to the views of the Chief Commissioner expressed in 1868, referred to above, Sir Sheshadri Iyer was of opinion that as the Matt had not chosen to dispute the correctness of the Durbar's decision of 1884, refusing a Rahadari to the Kudli Matt for the use of the Adda Palaki, it was undesirable to permit it to reopen its claim

Makara Thorana
Panchakalasada Sweta Chatri
Dhawala Sankha
Hagalu Deevatige

7. In reply to the above, the First Assistant to the Hon'ble the Resident in Mysore stated in his letter No 2136, dated 13th June 1895, that the right to grant honors was a distinct prerogative of the ruling authority, and that therefore the Resident saw no reason to question a decision passed by a former Maharaja of Mysore or to pass any judgment upon its propriety. The Matt was informed accordingly.

8. Again, on the 14th January 1897, the Matt presented a review petition, which was heard by Sir Sheshadri Iyer on the 10th September 1897, and the decision was adjourned pending the production of certain papers by the petitioner's advocate. The documents, however, were not produced, and the further hearing was not carried out during Sir Sheshadri Iyer's term of office.

9. On the 8th April 1904, the Matt memorialised His Highness the Maharaja praying for a reconsideration of the case and produced the Sannad and the Rahadari of 1811 on the 2nd September 1904.

10. Upon a consideration of the facts and the circumstances of this case, the Government of His Highness the Maharaja are of opinion that the orders passed in 1884, the reasons for which were fully explained in Sir Sheshadri Iyer's letter to the Residency, are correct. The only papers since brought to the notice of Government are His Highness the Maharaja's Sannad and Rahadari dated 8th February 1811. These papers were not produced by the Matt either at the time of the litigation in

1847 or before Sir Sheshadri Iyer in 1884, but were put forward only in 1904. There can be no question that the Sannad and Rahadari of 1811 are in favor of the Kudli Sringeri Matt's contention, as is also the fact that during the Swami's visit to Mysore in 1850-51 he used the Adda Palaki, but there is the subsequent declaration made in writing in unmistakeable terms by Maharaja Krishnaraja Wadeyar Bahadur III, the same Maharaja that issued the sannad and Rahadari of 1811, in his letter to Captain Pearse, dated 21st December 1863, to the effect that the Sringeri Matt was the only one that possessed the right to use the special insignia of Adda Palaki, Makara Thorana, etc. His Highness the Maharaja Krishnaraja Wadeyar III, who appears to have been very liberal with the grant of these honors in the earlier part of his reign, had evidently in later years thought that they should be restricted to the one important and leading Matt of Sringeri. The remark made by Mr. Bowring in his letter dated 29th July 1868 addressed to the Government of India, Foreign Department, to the effect that the Sri Sringeri Swami "is the only Guru in the Province who is permitted to use the Adda Palaki or cross-palanquin," is in consonance with the Maharaja's declaration made in 1863 and shows that the highest authorities in Mysore considered that the Guru of the Sringeri Matt was the only personage entitled to hold that honor.

11. More than all, it has to be considered whether it is desirable or expedient to permit the enjoyment of such a special honor as the Adda Palaki by more than one person. The honor is one pertaining to Royalty, and the grant of such a high distinction to any but a Matt holding the highest rank among the different Matts does not seem to be desirable. The Government therefore consider it inexpedient to permit the resuscitation of the honors and privileges which have ceased to be enjoyed by the Kudli Sringeri Matt for many years past, *i.e.*, from 1850-51.

12. The grant of such high honors being a distinct prerogative of the ruling authority, His Highness the Maharaja is pleased to rule that, notwithstanding any documents or sannads that may be produced by the parties, it is His Highness' policy and wish that the right to the honor of Adda Palaki shall be continued only to the Guru of the Sringeri Matt at Sringeri, and cannot be given or continued to either the Kudli Sringeri or any other Matt.

13. It does not seem to be quite necessary to place such a restriction in regard to the four other special honors referred to in this case, namely, the Makara Thorana, Pancha Kalasada Swetachatri, Dhawala Sankha and Hagalu Deevatige. These, although mentioned as special honors pertaining to Royalty, appear to be enjoyed by many Matts in the State. In the order of 1884, the claim to Adda Palaki alone was rejected, but in the explanatory letter of 1895, addressed to the Hon'ble the Resident, the above-mentioned four honors also are stated to be not due to the Kudli Sringeri Matt. But, for the reason above given, *viz.*, that a good many other Matts enjoy these honors, it is the pleasure of His Highness the Maharaja that these insignia may be continued to the Kudli Sringeri Matt.

Next, as regards the ***Murugi Matt*** *:—*

14. The Lingayet Matt at Chitaldrug called the Murugi Matt also claims the special privilege of Adda Palaki and of using certain other special insignia, the use of which has been discontinued for some years past under the orders of the local authorities and of the Government. This is an important Matt of the Lingayet community and receives a cash grant of Rs. 24-3-0 per mensem. The Matt relies upon two Sannads issued by His Highness the Maharaja Krishna Raja Wadeyar Bahadur III, one dated the 13th January 1816, in which it is stated that the Murugi Matt was entitled by mamul to exercise and enjoy all the privileges exercised and enjoyed by the Sringeri Matt, and another dated 29th September 1816 directing that the Swami of the Murugi Matt should be permitted to proceed with Adda Palaki and other honors. A number of Rahadaris issued for particular journeys have also been produced, in all of which Adda Palaki and other honors are expressly mentioned. Notwithstanding the above documents, the use of these insignia by the Matt has been constantly opposed by the Brahmins, and this led to an order being passed by Captain Cole, Deputy Superintendent, on the 11th September 1863, prohibiting the use of Adda Palaki and eleven other special insignia, until the Matt established its claim to those honors in a competent Court of Law. The Matt appealed against this order to the Chief Commissioner in 1867, when it was asked to produce the

papers upon which it relied. It is not known whether the Matt produced such papers, but in the year 1869, the Chief Commissioner issued a Rahadari to the Matt specifying among other honors, Adda Palaki, Makara Thorana, Swetachatri, Pancha Deevatige, Kavi Nishani and Sankha. In the year 1902 complaints were received that the Swami of the Murugi Matt went in Adda Palaki in the streets of Davangere notwithstanding the Deputy Superintendent's Order of 1863, and thereupon the Government directed the stoppage of the cash allowance endowed to the Matt. The Swami having afterwards tendered an apology, the Government restored the cash grant to the Matt and directed that the special honors should not be used until the claim was finally settled by the Government. The Matt has since appealed to Government and produced the documents upon which it relies. These documents have been referred to above.

15. There is no question about the genuineness of the Sannads of 1816 granted by His Highness the Maharaja and of the Rahadaris produced by the petitioner. The facts mentioned in them are corroborated by entries in the books kept in the General Records of the General and Revenue Secretariat, but it is not clear whether such important documents were produced either before Captain Cole in 1863 or before the Chief Commissioner before he issued the Rahadari in 1869. Nor is it clear why the Matt should have been referred to the Courts for an establishment of its rights, while such important Sannads had been granted to it. Be this as it may, the letter written by His Highness the Maharaja to Captain Pearse under date the 21st December 1863, declaring the Sringeri Swami to be the only person who had the right to use Adda Palaki, and Chief Commissioner Mr. Bowring's letter to the same effect, addressed to the Government of India, dated 29th July 1868, both of which have been referred to in the preceding paragraphs, operate as a bar to the Murugi Matt exercising any right to Adda Palaki. It is worthy of note that both Maharaja Krishna Raja Wadeyar Bahadur the Third's emphatic statement and Mr. Bowring's reiteration of it were made in connection with a claim set up by a Lingayet Matt, *viz.*, that of Balehalli, for the honor of Adda Palaki. For the reasons given above in connection with the claim of the Kudli Matt, His Highness the Maharaja is pleased to direct that this special honor of Adda Palaki cannot be continued to the Murugi Matt either, and that with the exception of the one special honor of Adda Palaki all insignia specified in the Rahadari issued by the Chief Commissioner on the 20th September 1869, may be allowed to the Matt.

Memorial Registered No. 670, dated 7th August 1905, addressed to His Highness the Maharaja by Jodidar Balaji Rao and others regarding the affairs of the Sri Avimukteswaraswami temple at Hoskote.

Correspondence ending with letter No. 141, dated 4th April 1907, from the Deputy Commissioner, Bangalore District, reporting on the above.

No. 5600-1—MUZ. F. 41 OF 1894, DATED BANGALORE, 29TH MAY 1907.

ORDER THEREON.—The Avimukteswaraswami temple was originally endowed with a cash Tasdik of Rs. 2-14-7 per mensem and Inam lands with a beriz of Rs. 51-8-0. In 1898 the devotees subscribed largely and purchased for the benefit of the temple the Brahmadaya Jodi village of Chikka Thimmana Gollahalli in the Hoskote Taluk. The village is now under the management of Government in the Muzrai Department.

2. The subscribers held a meeting on the 8th June 1893 and fixed the expenditure out of the income from the newly purchased village at Rs. 267 per annum, which included the pay of the kavalgar and musicians at Rs. 36 per annum and the hetchukatle charges at Rs. 231. The Archak was allowed to utilize the Tasdik grant of Rs. 2-14-7 per mensem, as well as the income from the minor Inam land referred to above.

3. The collections from the village used to be deposited in the Government Savings Bank in the name of Dharmadarsi Mr. Seenappa, and funds for expenses were being withdrawn by him on each occasion, according to the scale fixed by the subscribers in 1893. This procedure continued till 1904, when the Deputy Commissioner, Mr. D. Devaraj Urs, observed that the deposit of the income of the temple in the Savings Bank was opposed to the standing orders of the Government, and directed that the amount should be withdrawn and credited in the Treasury in favour of the temple. It is against this order that the memorialists have made a representation to His Highness the Maharaja. They apprehend that, when once the amount is credited to Government, it would take time for bills being passed in every matter and that consequently the utsavams, etc., might suffer. They therefore pray that the former practice of investing the amount in the Savings Bank in the name of the Dharmadarsis be revived. But the Deputy Commissioner is of opinion that the fear of the memorialists is due to a misapprehension of the rules, and that if a scale of expenditure is sanctioned by Government, the several amounts may be directely drawn from the Treasury. The Government concur with the Deputy Commissioner in this veiw, as it is undesirable to keep moneys and draw in the names of the Dharmadarsis. The memorialists should be informed accordingly.

4. The second prayer of the memorialists is that the former Archak having died, and his Varsdars having given up puja hak owing to the small income, a new man from outside had to be appointed on a promise of his being paid Rs. 4 per mensem in addition to the cash Tasdik and the income from the minor Inam lands, and that he should therefore be paid at Rs. 4 a month. The Deputy Commissioner recommends the prayer, which is accordingly granted with effect from the 1st July 1907, the charge being met from the income of the inam village.

5. The third allegation contained in the memorial is that the income from the village has greatly fallen off since it was taken under Government management. In this connection the Deputy Commissioner states that the reason for the falling off in the income is due to the remission of half the assessment temporarily on wet lands, as the water in the tank is insufficient to irrigate the entire atchkat thereunder, owing to the leakage in the sluice and also owing to two lands having been resumed to Government as the land holders failed to pay the assessment due by them. The memorialists should be informed accordingly; but it should at the same time be reported what was the amount which thus fell into arrears whether the lands were resumed to Government in the Revenue Department or to the temple and in the former case, why a reference was not made to the Muzrai Secretariat before the lands were so resumed. Information should also be furnished as to whether the lands have been since given out to others for cultivation and if so, on what condition and whether the assessment goes to the temple or to the Revenue Department.

6. As for the amount required for the restoration of the tank, the Deputy Commissioner states that the trees standing on Survey No. 65 (except tamarind, and sandal) which were fit to be used as fuel, were auctioned together with the land on condition that the highest bidder should remove the roots, etc., in the land, make it a culturable one and pay the full assessment of Rs. 56 to the temple from the year Keelaka. The full amount of the sales of the land and trees, *viz.*, Rs. 732-10-0, has, it is reported been recovered and kept in the Treasury at the credit of the temple. The Deputy Commissioner's action is approved.

7. As regards the permission asked for to utilize the amount for the restoration of the tank, by which the revenue is expected to be increased by Rs. 75, the Deputy Commissioner is requested to submit to this office the entire estimate, together with his opinion as to whether the work should be undertaken by the Public Works Department or by the Revenue Department. It should, however, be sent to

the Chief Engineer in the first instance as the interest of the temple village and that of the Government village called Kambaliganahalli, are involved in the case.

8. Further details should be furnished in a separate communication regarding the removal of the Khalsat on the temple village in question.

9. An estimate for Rs. 156 for purchasing cloths for the decoration of the car during Rathotsava has been submitted, the cost being proposed to be met from the savings at the credit of the temple. But from the Deputy Commissioner's report it appears that the temple has only Rs. 143-2-11 at its credit. The Deputy Commissioner is requested to inform Government as to how the excess is proposed to be met.

10. From the records it is understood that the annual expenditure fixed by the subscribers in 1893 was Rs. 277, and that the Deputy Commissioner wants the scale to be recognised by Government. But the present year's jamabandi is estimated at Rs. 374-0-3 only and a jodi of Rs. 127-9-6 has to be paid to Government from this amount. The next income will then be only Rs. 246-6-9, against the proposed expenditure of Rs. 267 annually. The Deputy Commissioner is requested to explain how in these circumstances the proposed scale can be accepted by Government.

11. The management of the temple is proposed to be entrusted to a Committee of Dharmadarsis under the supervision of the Taluk authorities, and with this view the persons noted in the margin are recommended to be appointed as Dharmadarsis. This recommendation is approved. A separate notification will issue for publication in the Gazette.

(1) Government Proceedings No. (P. W.) 296-308—1884-96, dated the 21st March 1905, sanctioning as an experiment for one year the proposal to entrust all petty repairs to Police buildings to the Inspector-General of Police, so that they might be carried out under his instructions by the District Police Officers; and calling for a report at the end of 1905-06 as to how far the new system has been an improvement upon the old one.

(2) Reports received from the Inspector-General of Police, and the Deputy Commissioners of Districts, on the working of the new system.

No. 497-509—3942-54, DATED CAMP KALHATTI, 30TH MAY 1907.

ORDER THEREON.—From the replies received, it is observed that the Deputy Commissioners of Bangalore, Kolar, Chitaldrug and Mysore are in favor of the new scheme, while the other Deputy Commissioners are not in its favor. But the Inspector-General of Police is of opinion that under the Departmental system repairs are carried out " more promptly, more efficiently, and more cheaply," and recommends that it be confirmed. Government have no objection to funds being placed at the disposal of the Inspector-General of Police, for carrying out all petty repairs to police buildings; but the money allotted by him to each district may be communicated to the Deputy Commissioners. The repairs will be carried out by the local Police officers under the responsibility of the Amildars, and under the general supervision of the Police Superintendents, who, in this as in other matters are the assistants to Deputy Commissioners. The Amildars have greater facilities for getting these repairs done than Police Inspectors, and this arrangement, in the opinion of Government, is calculated to attain the end, *i.e.*, prompt and efficient repairs of Police Stations, which the Inspector-General of Police has in view.

1. Letter No. 1865, dated 18th February 1907, from the Deputy Commissioner, Mysore District, submitting for the orders of Government the correspondence on the subject of the resignation of the mining lease (No. 78) of Attikuppa Block No. 5 in the Krishnarajpete Taluk tendered on 22nd November 1906 by Mr J. G. H. Crawford of Ubban Estate, Saklespur, on behalf of the lessee Mr. Brooke Mockett.

2. Letter No. 10645, dated 21st March 1907, from the Revenue Commissioner in Mysore, on the above subject.

3. Letter No. 2236, dated 2nd April 1907, from the Deputy Commissioner, Mysore District, reporting that pending the orders of Government on the subject Mr. Crawford has paid the assessment due on the block for the year 1906-07 without prejudice to his request that the resignation of the block may be accepted as from the year 1906-07.

No. 2854-6, DATED BANGALORE, 7TH MAY 1907.

ORDER THEREON.—The resignation of the lease was tendered by Mr. Crawford on behalf of the lessee on the 22nd November 1906. In accordance with the Rules on the subject of relinquishment of lands, notice of relinquishment should be given before the 31st March of the current year in order to take effect from the succeeding year. But as observed by the Revenue Commissioner, this point may be left out of consideration in the case under reference, as the lease is the outcome of a special contract between the lessors (the Government) on the one hand and the lessee on the other.

2. Apart from the above consideration, the lease provides that should the lessee be desirous of terminating the lease at the end of any particular year of the term of the lease, he should give six calendar months' previous notice in writing to the lessors. The Government do not, however, wish to insist upon this point in the case under reference and are accordingly pleased to direct that the resignation of the lease be accepted as from the year 1906-07. The assessment on the block for 1906-07 will be written off the accounts and the amount paid by Mr. Crawford on this account will be refunded to him.

3. Another request preferred by Mr. Crawford in submitting the resignation of the block is for the return of the deposit of Rs. 1,000 paid by the lessee for the fulfilment of the terms of the lease. This request is based upon an alleged promise to the lessee by the Dewan (Sir K. Seshadri Iyer) at the time of granting the lease, that in the event of the former resigning the lease the deposit would be returned to him. The Government are unable to find any such promise on record, whereas the lease distinctly provides that in the event of the lease being terminated by the lessee at the end of any year of the term "the said deposit of one thousand rupees hereinbefore referred to shall be retained by the lessors, their successors, and assigns as and for their own property." The Government, therefore, regret that they are unable to comply with the request for the return of the deposit in question which should now be credited to Government.

115	R 10263 / L R 541-06-2	30	Do ...	Stating that sanction of Government is not necessary to retire a non-gazetted officer who is declared unfit for further service by a proper medical authority, and observing that in the case of the Revenue gumasta Subba Rao of Seringapatam, whose retirement is now proposed, a second medical opinion is necessary under Article 312 (*b*) of the Mysore Service Regulations, as he is less than 55 years old and as he has been disqualified for further service only on the ground of general debility and old age.
116	R 10265-6 / L R 15-06-8	30	Rev. Comr. & Comptr.	Stating that as continuance of the employment of the officials referred to by the Revenue Commissioner, subsequent to 1st July 1906, when their retirement had been ordered from that date, is in itself a concession, any hardship likely to be caused by the refusal to grant privilege leave preparatory to retirement will be removed by granting them privilege leave for the period by which the period of their employment after 1st July 1906, falls short of the privilege leave at their credit at the time the orders regarding their retirement were passed.
117	R 10269 / L. R 508-06-4	30	Rev. Commissioner....	Calling for the Comptroller's certificate of the privilege leave at the credit of Mr. Raghunatha Rao, as well as the medical certificate in support of his present application for extension of his original leave by four months.
118	R 10276 / L R 1-06-78	31	Mahomed Khasim, Excise tree-marker, Malur	Inviting his attention to the previous endorsement to the effect that he should apply to the local authorities for the appointment of Rs. 10 in the Revenue Department, applied for by him.

18	Pol 1006	16	First Asst. to the Hon'ble the Resdt.	Stating that for reasons given the location of toddy shops Nos. 3, 6 and 7 of Civil and Military Station in close proximity to the City shops, has, it is reported, already given rise to complaints from the present licensees of the latter and that unless the complaints of the licensees are set at rest by the retransfer of the shops in question to their usual quarters, the ensuing sales on both sides of the frontier for the next year's lease will be very seriously affected and requesting that the Hon'ble the Resident may be moved to order the proper localities of the Station shops in question being inserted in the notification which will shortly be issued for their sale for 1907-08.
19	Fl 8578 / S R 20-06-10	16	Excise Comr. ...	Forwarding copy of the above with a suggestion that he or the Deputy Excise Commissioner might confer with the First Assistant to the Hon'ble the Resident, or the Collector of Civil and Military Station personally on this matter and thus save time and correspondance and that a personal conference would probably lead to some solution convenient and satisfactory on both sides of the border.
20	Fl 8583 / S R 23-06-4	17	Ex. Commissioner ..	With reference to the notification submitted by him regarding the contract for the manufacture and supply of ganja to the State, including the Civil and Military Station of Bangalore, from 1st July 1907, pointing out that no provision is made therein for the manufacture and supply of majum, and enquiring what arrangements he proposes to make for its supply.
21	Fl 8607 / S R 46-06-9	21	Venkatanarasappa, Kayamguttadar of Dollahalli, Kankanhalli Tk.	Informing him that his petition praying for the opening of a toddy shop in the village will be disposed of on receipt of the report thereon called for from the Excise Commissioner.
22	Pol 1025	21	First Asst. to the Hon'ble the Resdt.	Stating that the Excise Commissioner reports that there is not enough of ganja in stock in the Central Stores to meet the demand of the licensees till the receipt of the next supply which may not be expected till January 1908 at the earliest, and requesting, under the circumstances stated, that the Hon'ble the Resident may be moved to obtain the sanction of the Government of Madras to allow the Durbar to have the requisite quantity of the drug free of duty from the stock in the Kaniyambadi Depot in the North Arcot District.
23	Fl 8727 / S R 131-06-2	21	Ex. Commissioner ...	Forwarding copy of the above with the observation that considering the obligation on the present contractors to supply annually 24,000 seers or more of the drug, if required and the comparatively small consumption in the

35	10590-602 / 297-06-1	13	I.-G. of Edn., Offg. Sr. Surgn., Secy. to Govt., Muz. Dept., Presdts., Mysore & BangaloreCityMunl. Comns, Dy. Comrs. & Presdts. of Munl. & Dt. Bds.	States that there is reason to believe that the existing system under which Hospital Assistants in charge of Local Fund Dispensaries are required to visit stations in the interior once a week to render medical aid has not been working satisfactorily owing to the frequent absence of the Hospital Assistant from the main dispensary, while no great good can result from the brief visit of the Hospital Assistant to a station once a week, and that it is therefore considered desirable that in places which are now visited periodically by Hospital Assistants from taluk head-quarters, a native pandit or hakim who has obtained a certificate of proficiency from the head of the Indigenous Hospital at Mysore should be appointed on Rs. 10 a month to be in charge of vaidyasalas to be opened at those places, with an allotment of Rs. 2 or so per month for meeting the cost of medicines, etc., and that it is therefore a suitable opportunity now to investigate the feasibility of developing the Indigenous Hospital at Mysore and the Ayurvedic classes attached to the Maharaja's Sanskrit College at Mysore into a regular central College of Hindu Medicine, with classes for Anatomy and Surgery and a museum and grounds for growing medicinal herbs, etc. Requests the Inspector-General of Education, therefore, to submit in consultation with certain officers, definite proposals for the satisfactory working of the scheme referred to.
36	10685 / 82-06-4	14	Compiler, *Mysore Gaz.*	Forwards for publication a notification granting six weeks' privilege leave of absence, to Mr. V. Muthusamy Doss, Assistant Surgeon, with effect from the 15th May 1907.
37	10687 / 281-06-2	14	Offg. Sr. Surgeon ..	Calls for certain information as to his proposal to become a member of Rontgen Society at a cost of 21 shillings per annum in order to get the Journal "Archives of the Rontgen Ray etc."
38	10688-90 / 186-06-6	14	Mily., Asst., Offg. Sr. Surgn. & Presdt., Mysore City Munly.	Informs that Government do not consider that a whole-time midwife is required for the Sowar and Barr Dispensary at Mysore.
39	10691-2 / 293-06-3	14	Offg. Sr. Surgn. & Comptr.	Sanctions the two indents, *viz.*, (1) for Rs. 55-13-0 on account of bedding and clothing and (2) for Rs. 244-6-0 for furniture, required for the use of the Local Fund Dispensaries in the Mysore District.
